SANTA'S CITY RUN

Santa is coming to town! Each year Santa visits Winter Springs for one week and is escorted each night around the city by the Winter Springs Police Department to spread candy and joy to the children and families who come outside to wave to him. Check out the maps on our webpage (linked below) to view which night Santa will be traveling close by your home. On the big night, be sure to listen for police sirens!

CONGRATULATIONS!

On Monday, November 16, Deputy Mayor Ted Johnson, Commissioner Matt Benton, and Commissioner Rob Elliott were officially inaugurated into office as Winter Springs City Commissioners. Congratulations!

STORMWATER POLLUTION

When precipitation from rain flows over the ground, stormwater runoff forms. Impervious surfaces like driveways, sidewalks, and streets prevent stormwater from naturally soaking into the ground.

Stormwater can pick up debris, chemicals, dirt, and other pollutants and flow into a storm sewer system or directly to a lake, creek, or wetland. Anything that enters a storm sewer system is discharged untreated into the waterbodies we use for swimming, fishing, and providing drinking water.

Polluted stormwater runoff can have many adverse effects on plants, fish, animals, and people.
