## **STORMWATER POLLUTION**

Did you know that when someone pours, blows, or sweeps anything into the street, it eventually ends up in one of our lakes?

Many businesses and individuals discard wastewater, pollution, and debris onto the ground and into the storm drains that may cause lake pollution. A storm drain is part of the stormwater system that collects rainwater from streets, parking lots and rooftops. In most cases, polluted stormwater runoff drains directly into one of our lakes through the underground storm sewer system. Please help us keep our lakes free of pollutants by clicking the link below and viewing some tips.
