

EMPLOYEE SPOTLIGHT

#EmployeeSpotlight

Meet Dominic Hing, Social Media and Marketing Coordinator for the City of Winter Springs.

As the Social Media and Marketing Coordinator, Dominic is responsible for informing residents and the public about city news, programs, and events using the City's Social media accounts.

Dominic is also responsible for maintaining the city website, community emails, emergency alert system and even publishes the City's monthly newsletter, The Winter Springs Insider.

His graphics, photography, and digital media knowledge make Dominic a valuable member of the City's communications team and a true asset to several City departments.

Dominic graduated from the University of Central Florida and worked as a graphic designer and videographer before moving to Winter Springs in 2021.

Dominic can be found at nearly every city-sponsored event, such as Celebration of Freedom and Hometown Harvest, and says he loves the creative freedom his position provides.

"I enjoy opportunities outside the office to meet residents and see the local community. Whether it's a police or a city event, I look forward to capturing and sharing photos and videos with everyone," Dominic said.

In 2023, Dominic was one of nine communicators presented with the Certificate of Excellence in Government Communications by the Florida Municipal Communicators Association for his work.

That excellence and love for the City of Winter Springs makes Dominic a great ambassador for our wonderful City.
