## Children learn the fun of fishing at Fish Winter Springs 2023

*The program teaches children about Florida's fish and aquatic habitats and how to protect them.*

**WINTER SPRINGS, Fla.**— Dozens of children turned out for a morning of safe fishing fun as part of Fish Winter Springs 2023.

The program, sponsored by Fish Florida and the City of Winter Springs, is designed to teach children the leisure and fun of fishing.

Now in its fifth year, the two-weekend event saw over 40 children register for the chance to catch native Florida fish such as catfish, bluegill, and tilapia.

Winter Springs Parks and Recreation team members were on hand to help young anglers with baiting hooks, learning how to tie a fishing knot, and casting lines.

After a morning of fishing fun and taking photos of their prized catch each participating child received a free fishing pole.

The City of Winter Springs organizes annual events for the community through the support of community members, local businesses, Seminole County partners, and sponsors.

A list of upcoming City events can be found [here](#).
