**Traffic Alert: Repairs on Brown Bear Court to begin January 15, 2024**

**WINTER SPRINGS, Fla.**— Beginning Monday, January 15, 2024, City of Winter Springs contractors will begin repairs to a damaged sewer main along Brown Bear Court.

On January 9, 2024, City of Winter Springs Utility crews were notified by a resident of a large hole that had opened in the roadway near 689 Brown Bear Court.

During their investigation, utility workers confirmed that damage to an 8-inch sewer line caused by a fiber optic contractor working in the area led to a failure in the roadway.

City of Winter Springs Utilities crews were able to fill the hole with dirt to prevent further roadway collapse until contractors could make the necessary repairs.

Work on the sewer line and surrounding roadway is expected to take two days to complete, and the roadway will remain open throughout the process.

Winter Springs Utilities thanks residents for their patience and understanding during this repair process.

For questions, residents can call Winter Springs Utilities at 407-327-1800.
