BUDGET MESSAGE

EXECUTIVE SUMMARY

(as transmitted with the Proposed Budget 7.1.21)

Respectfully submitted is the Proposed Fiscal Year 2022 Budget. The total Proposed Budget for all City funds combined is approximately \$54.5M (excluding appropriations to fund balance), and represents a \$3.8M or 7.5%, increase over the prior fiscal year's budget. Total proposed General Fund spending of \$18.7M represents a \$1.8M increase or 11% over the prior fiscal year. After careful review of expenditures necessary to maintain high quality government service and well-maintained public infrastructure, the FY 2022 budget was balanced with proposed operating millage rate of 2.4100 per \$1,000 of value. The Proposed millage rate is equal to that of the prior fiscal year.

Funding Outlook

Preliminary ad valorem taxable values, as provided by the Seminole County Property Appraiser (SCPA), are projected to increase 5.9% in Fiscal Year 2022. At the proposed millage rate of 2.41 mills, the increase in taxable value is anticipated to result in \$369,258 in increased property tax revenues in the City's General Fund in Fiscal Year 2022. Of this increase, approximately 30% is attributable to new construction. An individual property owner's particular tax bill depends upon several factors including their property's valuation and taxable value, accumulated Save Our Homes savings, and the millage rate levied by the City as well as other agencies (School Board, County, SJRWMD, etc.). The City's proposed millage rate represents approximately 14% or 14 cents of every dollar, of a Winter Springs taxpayer's total property tax bill. Exclusive of a projected ad valorem revenue increase, overall General Fund revenue sources for Fiscal Year 2022 are budgeted to increase \$1.5M compared to last years COVID environment. This results in an approximate 16.6% increase in those revenues from the prior fiscal year budget. The FY2021 budget was substantially impacted by the COVID crisis. This years budget is more comparative to the previous fiscal year's economic environment at the time the original budget was proposed for FY2020.

Budget Methodology

The City's Fiscal Year 2022 Proposed Budget continues to utilize our concerted, proactive budgeting approach and related strategies that were implemented effective with our Fiscal Year 2010 Budget. These measures, including personnel reorganizations (as warranted and appropriate), prioritizing project needs and zero-based budgeting, have positioned us to meet and overcome the challenges and limitations we may face without raising our millage rate or reducing the outstanding levels of service provided to our citizens.

Personnel and related expenditures represent approximately 67% of total General Fund expenditures, therefore, it is important that these costs be closely examined and monitored on an ongoing basis. Evaluation of market salaries and benefits are regularly conducted to ensure a high level of retention and recruitment. We continue to examine, as demonstrated in this FY 2022 Budget, our overall staffing structure for potential additional reorganizations and

insourcing/outsourcing opportunities in order to ensure we have the most efficient and effective use of our limited resources.

Finally, preparation of our Fiscal Year 2022 Budget was facilitated with the continued utilization of a zero-based budgeting paradigm. This technique, which reverses the working process of traditional incremental budgeting, is aimed at ensuring that only a justifiable and defensible level of expenditures is appropriated, thus facilitating our ability to continue to provide our citizens with a millage rate that reflects only that which is justly required for the provision of City services.

A Look Back

The Fiscal Year 2022 budget is the 12th budget that I have had the privilege of developing in my tenure at the City. During this tenure, we, as a team, have made significant strides in our effort to stabilize and improve our fiscal posture, to the ultimate benefit of our taxpayers. A few notable outcomes from this period are as follows:

- Balanced the Budget for the past 12 years *without* raising the property tax rate (maintained or lowered the rate each year)
- Improved City's Debt Position via 100% reduction in total outstanding debt for the General Fund.
- Increased City's Credit Rating from AA to AA+.
- Increased City's Pension (Letter) Grade from F to A.
- Pension plan is 100% funded (as of April 2021) for the first time in the history of the Plan
- Provided outstanding Community Events via partnerships and sponsorships rather than tax dollars.

In concert with our fiscal advances, we commensurately maintained or improved service levels during this same period as evidenced in part by:

- Increased funding in several key service areas including the establishment of a multi-million dollar Parks Improvement Program, doubling the funding to our annual road infrastructure maintenance program, and providing multi-million dollar improvements to our Water/Sewer Utility System.
- Being consistently named one of the top 10 safest cities in Florida by several publications, reaching as high as #3 – 2020 and 2021
- Being named one of the *100 Best Places to Live* by Money Magazine.
- Being ranked 3rd in Smart Travel's *10 Best Places to Live in Florida*
- Being ranked 14th in the Chamber of Commerce – *Best Cities to Live in Florida – 2019*

Ad Valorem

In order to fund the FY 2022 Proposed Budget a total millage rate of 2.4100 mills is proposed.

	<u>FY 20/21</u>	<u>FY 21/22</u>	<u>Change</u>
Operating Millage Rate	2.4100	2.4100	(0.0000)

Incorporating the unchanged FY 2022 County MSTU millage rate (still preliminary), the combined proposed millage rate to City taxpayers of 5.1749 which remains flat from the prior fiscal year as follows:

	<u>FY 20/21</u>	<u>FY 21/22</u>	<u>Change</u>
Operating Millage Rate	2.4100	2.4100	(0.0000)

Total	5.1749	5.1749	(0.0000)

At 2.4100 mills, the FY 2022 operating millage rate is estimated to be 4.21% more than the “rolled-back” rate of 2.3127 mills, based on the preliminary ad valorem tax base as provided by the Seminole County Property Appraiser.

The preliminary FY 2022 ad valorem tax base compares to the base for FY 2021 as follows:

<u>FY 20/21</u> <u>(FINAL valuation)</u>	<u>FY 21/22</u> <u>(DR-420*)</u>	<u>Change</u>
\$2,708,235,730	\$2,867,838,505	\$159,602,775 / 5.9%

**Includes New Construction totaling \$45,639,260*

Based on preliminary valuations and the proposed operating millage rate, projected FY 2022 net ad valorem revenues are expected to increase \$369,258 or 5.9% as follows:

<u>FY 20/21</u> <u>(FINAL valuation)</u>	<u>FY 21/22</u> <u>(DR-420*)</u>	<u>Change</u>
\$6,265,774	\$6,635,032	\$369,258 / 5.9%

State Shared Revenues (Revenue Sharing and Half-Cent Sales Tax)

FY 2022 State Shared revenues are budgeted to increase by \$826,340 or 28.6% as follows:

<u>FY 20/21</u>	<u>FY 21/22</u>	<u>Change</u>
\$2,887,500	\$3,713,840	\$826,340 / 28.6%

Local Communication Services Tax

Projected FY 2022 General Fund revenues from Local Communication Service Taxes are budgeted to increase by \$20,000 or 1.9% as follows:

<u>FY 20/21</u>	<u>FY 21/22</u>	<u>Change</u>
\$1,080,000	\$1,100,000	\$20,000 / 1.9%

Electric Utility and Franchise Fee

Effective March 2014, the City executed a 10-year franchise agreement with Duke Energy that maintains a franchise fee of 6% on base revenue. In total, projected FY 2022 General Fund revenues from Electric Utility Taxes and Electric Franchise Fees are budgeted to increase as follows:

<u>FY 20/21</u>	<u>FY 21/22</u>	<u>Change</u>
\$4,320,000	\$4,895,850	\$575,850 / 13.3%

Other General Fund Sources

Other General Fund sources that includes interfund transfers are expected to increase \$127,333 or 12.2% as shown below. This increase is comprised of many accounts all with marginal increases.

<u>FY 20/21</u>	<u>FY 21/22</u>	<u>Change</u>
\$1,045,710	\$1,173,043	\$127,333 / 12.2%

WATER & SEWER SOURCES

Sources in the Water and Sewer Operating Fund are projected to decrease by \$602,942 or 4.6% as follows due a smaller transfer of funds from the Infrastructure Surtax for capital initiatives:

<u>FY 20/21</u>	<u>FY 21/22</u>	<u>Change</u>
\$13,016,870	\$12,413,928	(\$602,942) / (4.6%)

For FY 2022, potable water, sewer and reclaimed water rates will be indexed to the CPI of 3.2% (estimate) effective October 1, 2021. The City's comparative rate position remains in the general bottom half of rates charged by other neighboring utility systems.

In Fiscal Year 2020 we contracted with Veolia Water North America - South, LLC (Veolia) to assume the operation, maintenance, and management services for the City's drinking water treatment, wastewater treatment, and reuse utilities. Additionally, water quality improvements at Water Treatment Plant #1 were completed and the funding for the project was secured via the State Revolving Loan Fund with no additional debt or cost to the residents.

Key assets of the City's wastewater treatment plants are at the end of their almost 50-year useful lives. This budget addresses many of the initiatives to replace or rehabilitate necessary infrastructure in a cost-effective and sustainable manner. Priority repairs have been completed at some of the wastewater treatment plants and continue while planning and designing is underway for new, higher efficiency, wastewater plants to be built.

We are currently conducting several engineering evaluations to improve the taste and smell of our drinking water and have initiated a major construction project at Water Treatment Plant No. 1, which will complete later this year.

DEVELOPMENT SERVICES REVENUES

Revenues in the Development Services Fund are projected to increase by \$131,500 or 16.2% as follows:

<u>FY 20/21</u>	<u>FY 21/22</u>	<u>Change</u>
\$811,500	\$943,000	\$131,500 / 16.2%

Diversification of the property tax base (residential and commercial) remains an important focus for the City. Single-family Residential construction remains strong, with over 500-units currently under construction, including the 35-unit Northern Oaks Subdivision, 114-unit Winter Springs Townhome Subdivision, and the 379-unit Tuskawilla Crossings Subdivision. The demand for retirement housing is also strong, with vertical construction almost complete on The Savoy, formerly known as Hawthorne Retirement Residence in the Town Center. Commercial development demand is increasing in terms of new construction of Dr. Chau's Medical Office, Wendy's and the Winter Springs Marketplace Shopping Center. In addition there is a proposed Chase Bank within the Town Center. The occupancy of previously vacant tenant space is also trending in a positive direction.

OTHER RATES AND CHARGES

Oak Forest Wall Maintenance & Debt Service Funds

The Oak Forest Maintenance assessment remains unchanged at \$60/BU as compared to the legal maximum of \$63/BU. The internal refinancing of the Oak Forest Debt allowed for early retirement. This instrument was fully retired in FY 2017, which was also the final year for the annual capital assessment.

TLBD Maintenance & Debt Service Funds - Phases I and II

The TLBD Maintenance assessment has been unchanged since FY 2010 when the annual assessment was decreased to \$120/ERU from the legal maximum of \$128/ERU. For FY 2022, no changes are proposed. A \$7 per ERU decrease was programmed into the FY 2015 Budget for the Phase I TLBD Debt Service (from \$43/ERU to \$36/ERU annually) and that proposed assessment remains unchanged.

Tuscawilla III Special Assessment Fund

The Tuscawilla III assessment district has both a capital and maintenance assessment. The capital assessment is utilized for the annual debt service on an internal 20-year loan, which financed a capital project relative to the existing Tuscawilla Units 12/12A wall. There is no proposed increase to the capital assessment of \$85/BU or the maintenance assessment of \$87/BU. The assessment for this fund is not sufficient and will require re-evaluation in 2022.

Infrastructure Surtax Fund

In May of 2014, a countywide precinct referendum resulted in an additional 1% (i.e. 1 cent) local government infrastructure sales surtax upon taxable transactions occurring in Seminole County. The tax went into effect on January 1, 2015 and will expire December 31, 2024. The proceeds are to be utilized for public infrastructure projects and are distributed 25% to the School Board, 24.2% to the County with the remaining 50.8% of net revenues distributed according to a statutory formula to the County and all Seminole municipalities. Per the interlocal agreement, the Winter Springs' distribution percentage is 2.99%, which may be utilized for public infrastructure as defined in the Florida statutes [Section 212.055(2)(d)].

Solid Waste Fund

The City entered into a Solid Waste Franchise Agreement with Waste Pro of Florida, Inc. on March 1, 2006 at a monthly rate for residential customers of \$18.10 and has remained unchanged. Staff is currently evaluating costs and will look to establish a new rate for residents in FY 22. The weekly service includes two solid waste, one recycling and one-yard waste pickup. The recent competitive bidding experiences of other nearby municipalities and counties did not result in favorable outcomes for their residents. As a result of that evaluation, staff recommended that the Commission grant a long term extension to Waste Pro of Florida because such extension would be more economically advantageous to the citizens of Winter Springs than competitively bidding solid waste services in the current market. That long term extension was authorized on May 10, 2021 with Ordinance 2021-03 and will become effective March 1, 2022, after the expiration of the previous addendum, and will remain in effect through February 28, 2027 with three additional 1 year extensions available upon mutual consent.

Impact Fee Funds

In 2016, the City Commission adopted Ordinance 2016-10 amending the City's transportation impact fee schedule. For most commercial and residential land uses, the new transportation impact fees are significantly lower than the previous fees. In 2017, the City Commission adopted Ordinance 2017-16, which reduced police and fire impact fees while an increase was warranted for park impact fees. Impact fee revenues are not budgeted until received.

EXPENDITURE HIGHLIGHTS

PERSONNEL COSTS

Personnel costs include employee salaries, FICA, health and life insurance, worker’s comp, and retirement benefits. These costs account for the majority of the City’s operating expenditures. Some of the challenges we have faced in the previous fiscal year, that continue to be a challenge in FY 22 are a volatile labor market, increases to minimum wage, additional staffing needed to facilitate essential and significant infrastructure enhancements, and the impact of the baby boomer generation retiring in large numbers. In order to face these challenges and to maintain our competitive advantage for recruiting and retention, we regularly review processes searching for opportunities to enhance efficiencies or automate processes, we have made market adjustments to salaries and pay ranges, increased our headcount to meet with service level demands, and we have increased benefits available to employees. FY 2022 personnel costs, totaling \$15,051,587 are proposed to increase 5.3% over the prior fiscal year as follows:

	FY 20/21 Original Budget	FY 21/22 Proposed Budget	Change
General	\$11,769,526	\$12,510,142	6.3%
Enterprise	<u>2,518,650</u>	<u>2,541,445</u>	0.9%
Total	\$14,288,176	\$15,051,587	5.3%

Staffing and Wages - Full-time headcount is increased this year to be more in line with previous years and to provide for sufficient staffing to facilitate essential and significant infrastructure enhancements. The total full-time headcount for FY 2022 accompanied by trailing historical data follows:

	FY09	FY10		FY16	FY17	FY18	FY19	FY20	FY21	FY22
Full-Time	234	228	//	184	187	181	172	177	158	174

Pension - Funding of the City's Defined Benefit Pension Plan is an important and critical area of focus. Due to the nature of a Defined Benefit plan, the City is statutorily obligated to provide funding sufficient to keep the plan actuarially sound. In a typical Defined Benefit plan structure, market gains are expected to fund the majority of this financial obligation. However, when market conditions result in losses and an associated decrease in plan assets, the City is obligated to fund these losses to the extent necessary to make the plan "actuarially whole." Thus, a Defined Benefit plan and its associated benefit structure and contractual liability must be proactively monitored and reviewed in order to ensure the City's fiscal ability to meet its related statutory obligation, as well as to gauge and ensure the sustainability of the plan.

Pension plan funding levels have improved significantly over the past twelve years. The vested benefit security ratio increased from 48.8% in FY 2007 to ~ 100% as of April 2021. This is primarily due to plan revisions and investment returns which averaged 13.6% 3-year returns, 12.74% 5-year returns and 7.08% since plan inception. These returns were achieved without adding any unsystematic risk to the pension portfolio. The portfolio ranked in the top 1% percentile against its peers in the US as of 2021.

Health Insurance - Effective in FY 2012, the City migrated away from an HMO-type health insurance plan in favor of Major Medical (high deductible) benefit plan structure, inclusive of an HSA (Health Savings Account). This migration has continued to yield material savings to the cost of providing these benefits to employees; however, to meet the demands of the current labor market, we will be offering a traditional PPO plan, as a buy-up option to employees. Additionally, the City continues its proactive healthcare program which includes: education, wellness programs and financial incentives. The City is committed to a balanced employer-employee cost sharing and accountability benefit plan.

OPERATING COSTS

FY 2022 Operating Costs, totaling \$16,824,488 are proposed to increase 5.1% from the prior fiscal year as follows:

	FY 20/21 Original Budget	FY 21/22 Proposed Budget	Change

	FY 20/21 Original Budget	FY 21/22 Proposed Budget	Change
General	\$12,000	\$484,000	3933.3%
Other Governmental	6,825,646	7,725,500	13.2%

Total	\$12,705,677	\$15,715,500	23.7%

In the prior year the vast majority of General Fund capital (97%) was redirected to other funds. The remainder of the FY 2022 capital budget appears in the Infrastructure Surtax Fund, Transportation-related Funds, Impact Fee Funds (Transportation, Park), Capital Project Funds and Enterprise Funds, which are funded by infrastructure surtax, developer fees, and/or user fees. A detailed capital list is shown on pages 18-20.

GENERAL FUND FISCAL POLICY TEST

Each year, the General Fund is tested to determine if the fund complies with three internal fiscal policies/guidelines as follows:

1. That sufficient recurring revenue exist to pay for all recurring costs, thus avoiding the use of non-recurring revenues and fund balances to fund recurring costs.

2. That sufficient recurring and non-recurring revenues are available to fund non-recurring costs.
3. That the 25% fund balance policy is being maintained (fund balance equal to or exceeding 25% of personnel and operating costs).

All three policies are being satisfied for FY 2022.

BUDGET CALENDAR

A Commission workshop to consider the Fiscal Year 2022 Proposed Budget is scheduled for July 7, 2021. In accordance with TRIM law, a tentative millage rate is required to be adopted by August 4, 2021. Therefore, consideration and adoption of the tentative millage rates is scheduled for the July 12th regular Commission meeting. The first public hearing for adoption of the Fiscal Year 2022 Budget is scheduled for September 13, 2021 and the final public hearing is scheduled for September 27, 2021.

Ad Valorem Taxes

Ad valorem taxes represent the largest single revenue source to the City's General Fund. For the proposed budget year, the ad valorem revenue budget accounts for 35% of the total budgeted revenue for the General Fund. The amount of ad valorem revenue generated is a function of the gross final taxable value as established by the Seminole County Property Appraiser and the millage rate (per thousand dollars of property valuation) established by the City Commission. The following graph shows the final gross taxable value (DR-403) for the last ten fiscal years. Please note that the valuation identified for fiscal year 2022 is not the final valuation but rather the valuation as submitted by the Property Appraiser (DR420).

Florida Statute 200.065 - Truth in Millage Bill (TRIM):

This statute went into effect with fiscal year 1982. This law will only allow a taxing authority to receive the same dollar amount of property tax in each subsequent year without advertising a tax increase. If property values increase, exclusive of new construction, the taxing authority is required to reduce, or roll back, the millage rate in order to receive the same tax dollars as the previous year. Any millage in excess of the rolled-back millage is considered a tax increase and must be publicly advertised. Additionally, any tax increase must be publicly announced at two public hearings prior to the budget adoption.

The following chart shows the millage history, both operating and voted debt, for the City of Winter Springs for the last ten fiscal years.

Electricity and Communication Services Tax

[Utility taxes – Sections 1-2, Art. VIII State Constitution, Municipal Ordinances 751, 2001-42, 2005-13; Communication Services Tax - Sections 202.19(1), Florida Statutes]

The following chart reflects eight years of historical data for the major revenue sources as well as estimates for our current fiscal year and proposed budget. These revenue streams flow through the General Fund and are obligated for debt service. The electric utility and communication service tax revenues represent 15% and 6% of the budgeted revenues, respectively.

REVENUES

Electric Franchise Fees

[Home Rule Authority - Sections 1-2, Art. VIII, State Constitution]

Electric franchise fee revenue from Duke Energy goes directly to the General Fund and is utilized for the annual debt service requirements via transfers to the debt service fund. The following chart reflects historical data for this revenue source. The current and upcoming fiscal year projections are based on a weighted-average trend analysis. Electric Franchise Fee revenues represent 11% of the General Fund budgeted FY2021 revenues.

Inter-fund Transfers-In

Inter-fund transfers may be recurring or non-recurring in nature. An example of a *non-recurring* transfer would be one related to a short-lived special project or grant activity. Many of the *recurring* transfers are the result of central service costs being allocated to the funds to which those costs relate, i.e. Utility Billing (Division #1360).

The following list represents those transfers which exceed 1% of total sources of the receiving fund along with the anticipated amount and reason for transfer:

Fund	Amount	Reason for Transfer
Water & Sewer Utility (#410)	\$1,070,000	From Infrastructure Surtax (#121) - 3rd Gen - prioritized capital initiatives
1999 Debt Service Fund (#202)	\$1,280,001	From the General Fund for debt service requirements related to the Series 1999 US Bank note
General Fund (#001)	\$709,337	From Water & Sewer - cost allocation for the Utility Billing division of the Finance department

Major Inter-Governmental Revenues

State-Shared Revenues

There are a number of taxes imposed by the State and shared with counties, municipalities and school districts. Based on eligibility requirements the state allocates a portion of state-collected taxes to specified local governments. Two of the state-shared revenues which provide a significant percentage of total fund revenues for the General Fund are Municipal Revenue Sharing and Local Government Half-Cent Sales Tax.

Municipal Revenue Sharing Program

[Sections 206.605(1), 206.879(1), 212.20(6), and 218.20-.26, Florida Statutes]

In order to ensure a certain level of parity across local government units the Florida Revenue Sharing Act of 1972 was enacted. Typically, legislation is passed each year that could potentially impact the amount of sales tax revenues available for distribution to municipal governments. Florida's Legislative Committee on Intergovernmental Relations (LCIR) provides projections which are the basis for the budget. During fiscal year 2021, it is expected that this revenue will contribute approximately 5.6% of total General Fund revenues.

Local Government Half-Cent Sales Tax Program

[Sections 212.20(6) and 218.60-.66, Florida Statutes]

This program which was authorized in 1982 is the largest revenue generator among the state-shared revenue sources. The program's primary purpose is to provide funding for local programs while offering relief from ad valorem and utility taxes. Distribution is based on allocation formulas. During fiscal year 2021, it is expected that this revenue will contribute approximately 14.2% of total General Fund revenues.

REVENUES

Intergovernmental Revenues (cont'd)

Local Discretionary Sales Surtax

[Sections 212.054-.055, Florida Statutes]

There are seven types of local discretionary sales surtaxes currently authorized for county and municipal government revenue sources. The infrastructure surtax is also referred to as local option sales taxes. There have been three generations of infrastructure surtax. The first generation was a 1% surtax which became effective in Seminole County on October 1, 1991 and expired on September 30, 2001; the second generation became effective on January 1, 2002 and expired on December 31, 2011.

A third generation of this 1% sales surtax was approved by voters in May 2014 and became effective on January 1, 2015 and will expire December 31, 2024. The revenue and expenditure budget relative to the third generation infrastructure surtax will be accounted for in the Infrastructure Surtax Fund [previously identified as the Road Improvements Fund (#121)] and will primarily be utilized for transportation-related projects and other public infrastructure.

Charges for Services

[Utility Fees – Home Rule Authority Sections 1-2, Art. VIII, State Constitution]

The Water and Sewer Utility Fund and the Stormwater Funds are enterprise funds with a customer base of approximately 13,900 whose primary revenue streams consist of charges for service. The Solid Waste fund is a special revenue fund established to account for fees for solid waste and recycling services performed by contract vendors for the benefit of approximately 12,230 customers. The City retained a consultant to review the adequacy of all utility rates, fees and charges for the operation, maintenance, replacement and debt service of the water and wastewater systems. Rate increases (with CPI adj) were warranted, approved and implemented with the billing cycles in October 2009. The following chart indicates two years of rate history for potable water, reclaimed water, irrigation-metered water, and sewer.

DEBT MANAGEMENT

Debt Management

As set forth in the City's Comprehensive Improvement Element (CIE), the City shall manage debt issuance and obligations according to sound public fiscal management principles so that the City is able to provide needed capital improvements and maintain services at adopted levels of service (LOS).

Criteria for Managing Debt Financing:

The City does not have legal debt limits or utilize specific debt ratios such as the limitation on the use of revenue bonds as a percent of total debt; the maximum ratio of total debt service to total revenue; and the maximum ratio of outstanding capital indebtedness to property tax base. Instead each debt issuance is evaluated on an individual basis giving consideration to the following factors:

- type of facility being financed
- significance of the annual debt service requirement
- favorable impact to the City
- economic capacity of the City
- overlapping debt which depends on the same economic base
- projected City growth rate

Criteria in Selecting Revenues to Finance Public Facilities:

To the extent possible, the following revenues are to be utilized to finance public facilities (listed in order of priority and preference):

- Grants or other intergovernmental sources
- Developer contributions (inclusive of dedicated land and impact fees)
- User revenues (inclusive of charges for services, local option gas tax, etc.)
- Sales tax (local option infrastructure surtax)
- Debt Financing
- Ad valorem property taxes

Since some sources are not appropriate or legally available for a particular purpose, the above list is advisory in nature and not to be construed as obligatory.

¹ The Public Communication Services Tax and Electric Franchise Fees are pledged revenues to pay debt service expenses related to the Improvement Refunding Revenue Debt. Anticipated revenues from these funds are expected to be more than sufficient for the debt service requirements.

² The TLBD Debt Service Fund has an established legal maximum of \$43/ERU. The Tuscawillia Improvement Area Special Assessment Bond, Series 2001 was refinanced with a commercial bank note for the remaining term at 3.25% (fixed rate). The Present Value effect of this refinancing is a savings of \$276,584.

³ This note is a 20-year variable rate note (indexed to the 5-year US Treasury) funded by the City of Winter Springs and is secured by a special assessment district levy (Tuscawillia III Capital) for the purpose of a capital wall project in a residential vicinity within the Tuscawillia community.

- 1 In fiscal year 2021, current refunding opportunities arose to refinance Water & Sewer State Revolving Loan Series 2013 and Water & Sewer Refunding Revenue Note Series 2018 (Synovus Bank) with an interest rate of 1.72% maturing October 2032.
- 2 In fiscal year 2016, current refunding opportunities arose to refinance Water & Sewer Note Series 2011 A (SunTrust), B (BB&T) and C (BB&T) with a commercial note from Fifth Third Bank, Water & Sewer Note Series 2016, with an interest rate of 1.34% maturing October 2021. Principal & interest are paid semi-annually, resulting in a NPV cost reduction of \$186,730.
- 3 State Revolving Loan granted by the State of Florida has a 20-year amortization and a 0.72% fixed rate of interest over the entire life of the loan. This financing will be used for water quality improvements.
- 4 A look at the total debt service requirements for this utility reflects a relatively level annual requirement. The debt service requirements are based on the accrual method which means the interest expense is matched to the period in which it is incurred not necessarily when paid. This fund has projected fund equity in excess of the target fund equity of 25% of operating expenses. Rate increases, necessary to meet debt coverage requirements, were instituted by the Commission as follows: October 2009-7%, October 2010-7%, October 2011-7%, thereafter, a CPI rate escalator.

Financial Structure

Introduction

The operations for the City of Winter Springs are accounted for on the basis of fund and account groups. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Winter Springs, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Fund Categories

All of the funds of the City of Winter Springs can be divided into three categories governmental funds, proprietary funds, and fiduciary funds. The City has four types of governmental funds: General, Special Revenue, Debt Service, and Capital Project. The City of Winter Springs maintains one type of proprietary fund called enterprise funds. Such funds have been established for the *Water and Sewer Utility*, *Development Services*, and the *Storm Water Utility Fund*. The *Pension Trust Fund* is the only fiduciary fund and is not reflected in this budget because the resources of such funds are held for the benefit of parties outside the government. It is the only fund that is included in the Comprehensive Annual Financial Report that is not included in this budget.

For the audited financial statements, the accrual basis is the accounting basis that is utilized for the Enterprise and Pension Funds; the modified accrual basis is utilized for all others. Under the accrual basis, revenue and expense items are recognized as they are earned or incurred, even though they may not have been received or actually paid in cash. The general idea is that economic events are recognized by matching revenues to expenses (the matching principle) at the time in which the transaction occurs rather than when payment is made (or received). Under the modified accrual basis, revenue is recognized when it is earned and becomes available and measurable. Expenditures are typically recognized in the period in which the liability is incurred.

The basis of accounting for budgetary purposes is the largely the same as that used under the GAAP basis of accounting. The following highlights some of the significant relationships:

- Under the GAAP basis of accounting in the Enterprise (or proprietary) Funds, the receipt of long-term debt proceeds, capital outlays and debt service principal payments are not reported in operations, but allocations for depreciation and amortization expense are recorded. The opposite is true under the budgetary basis of accounting.
- Encumbered amounts are commonly treated as expenditures under the budgetary basis of accounting while encumbrances are not classified as expenditures under the GAAP basis of accounting. Conservatively, the beginning budgeted fund balance assumes full depletion of the prior fiscal year's budget.
- Budgetary revenues and expenditures may include items classified as "other financing sources" and "other financing uses" under the GAAP basis of accounting.
- Under the GAAP basis of accounting, changes in the fair value of investments generally are treated as adjustments to revenue, which is not the case under the budgetary basis of accounting.
- The fund structure used in GAAP financial statements does not differ from the fund structure used for budgetary purposes; however, there are interfund transfers which are budgeted in the general fund for transfer to an appropriate debt service fund for the annual debt service payments and related accounting.

Also designated is each fund's classification as a major or non-major fund as determined by the calculation used in the fiscal year ending September 30, 2018 Comprehensive Annual Financial Report. A major fund is one whose revenues, expenditures/expenses, assets, or liabilities (excluding

extraordinary items) are at least 10 percent of corresponding totals for all governmental *or* enterprise funds and at least 5 percent of the aggregate amount for all governmental *and* enterprise funds for the same item. The prescribed accounting basis and fund classification is indicated below for all funds.

Budget Process

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all funds. The budget is established through the following procedures:

- In January and February, City Manager and department directors begin preliminary budget discussions regarding the next fiscal year. Directors submit budget requests in early spring followed by the refinement and balancing process.
- About March of each year, the budget calendar is presented by staff and approved by the City Commission.
- In the spring, budget meetings/workshops are convened which may include department directors, support staff, City Manager, Finance Director, Budget Analyst, Mayor and Commission. From those in-house workshops, the Proposed Budget is prepared.
- On or before July 1 of each year, the City Manager submits the Proposed Budget to the Commission for consideration.
- The City Commission may hold informal budget workshops which the public is invited to attend.
- In July, the City Commission establishes the tentative millage rate (DR 420) which becomes the millage 'ceiling' when approving the annual millage rate and budget in September.
- Also established at this meeting is the rolled-back rate calculation, the date, time and place of the first Public Hearing. Once these determinations have been made they are communicated via the DR 420 to the Seminole County Property Appraiser, the Seminole County Tax Collector and the Department of Revenue. This information is advertised via the Notice of Proposed Property Taxes (TRIM Notice) which is mailed to property owners by the Seminole County Property Appraiser.
- Two to five days prior to the second public hearing the notice of the final budget hearing and budget summary is advertised in a newspaper of general paid circulation.
- On or before September 30 of each year, after two public hearings, the Commission adopts the budget and establishes the ad valorem tax millage rates.
- The TRIM (Truth in Millage) compliance package is submitted to the Department of Revenue.
- The budget may be formally amended by the Commission at any time.

Budget Transfers and Amendments

- The legal level of budgetary control is at the department level.
- The City Manager is authorized to transfer budgeted amounts between accounts within a department.
- The budget is an annual one, as such, unexpended appropriations for these funds lapse at the end of each fiscal year.
- Increases to the budget are accomplished by resolution duly adopted by the Commission. There may be two amendments to the budget each fiscal year – one at approximately mid-year and one within 60 days of the fiscal year-end.

Budget, Financial and Management Guidelines

General

- An independent audit will be performed annually. The City administration will promptly evaluate the audit management letter to determine the necessary steps to implement the audit recommendations.
- Financial records to be maintained on a basis consistent with Generally Accepted Accounting Principles (GAAP) and the Government Accounting Standards Board (GASB).
- The City will strive to maintain a fund balance in the General and Enterprise funds of 25% of personnel services and operating expenditures which serves to protect against the need to reduce service levels or raise taxes and fees due to temporary revenue shortages or unpredicted spikes in expenditures.
- The City will strive to ensure that personal and operating costs do not exceed recurring revenues; that is, recurring expenses will not be funded with non-recurring revenue.
- It will be the City's highest priority to maintain current service levels for all essential services.
- Employee positions are fully-funded.

Revenues

- The City will strive to maintain diversified revenues for the sake of fiscal stability and to most equitably distribute the cost of services.
- The City will set user-fees for all enterprise funds at a level that fully supports the total direct and indirect cost of the activity.
- A portion of the cost of non-enterprise activities may be considered for subsidy provided that such action is consistent with the interests of the City and with all legal requirements.
- The use of one-time revenues to fund ongoing expenditures is discouraged.

Budget

- The City will abide by a structured budget process and comply with the "Truth in Millage" state statute which regulates taxing authorities in the millage assessment process.
- Budgets are considered balanced when revenues and appropriations from the fund (if applicable) equal expenditures and appropriations to the fund (if applicable).
- Recurring revenues should be sufficient to pay for all recurring costs thus avoiding the use of non-recurring revenues and fund balances to fund such costs.
- The City will adhere to all Federal, State, and local legal requirements related to the operating budget.
- The City will maintain a budgetary control system to ensure budgetary compliance.
- All fund balances will be presented in the annual budget.
- The City will attempt to avoid layoffs of permanent employees in order to balance the budget.

Purchasing

- The City Manager is authorized to purchase or to contract for all commodities and services which do not exceed \$50,000; those in excess require written bids and Commission approval.
- Regarding bids, the City of Winter Springs intends to secure a source of supply for item(s) or services(s) at the lowest price; early and satisfactory manufacture; and prompt, convenient service and shipment.
- Purchase orders over \$5,000 must be approved by the City Manager.
- Purchases for commodities and services over \$2,500 require three quotes unless a sole source vendor is being utilized or the City is piggy-backing off another governmental agency.

Investments and Cash Management

- Cash and investments are managed in accordance with the City's investment policy while providing for liquidity to meet the City's needs in a sound and prudent manner.
- The City administers a cash management and investment program that seeks to maximize, in order of priority, the preservation of funds, liquidity, and interest earnings over its cash and investments.
- The City will collect revenues aggressively, including past due bills and may utilize a collection agency to accomplish this.

Capital Assets

- The budget will provide for the maintenance and replacement of capital assets which are defined as expenditures which equal or exceed \$5,000.
- The City has a five-year Capital Improvements Plan (CIP) which it annually reviews and updates to ensure that all necessary capital improvements are being incorporated. This plan is a multi-year prioritized schedule of capital improvements (which equal or exceed \$50,000) by intended year of purchase or commencement, the amount of expenditure per year, method of financing and annual operating costs.
- Assets will be inventoried annually. Assessment as to condition of all major capital assets is routinely evaluated by the respective departments.
- When appropriate, surplus and obsolete property will be disposed of at public auction.

Debt Management

- There are no limitations placed on the amount of debt the City may issue either by the City's charter, code of ordinances or State statute.
- The City shall manage debt issuance and obligations according to sound public fiscal management principles so that the City is able to provide needed capital improvements and maintain services at adopted levels of service (LOS).
- Debt service - managed to ensure that timely payment of principal and interest is made and that bond covenants are met so as to maximize efficiency and credit-worthiness.
- General obligation debt will not be used to finance the activities of enterprise funds.
- The term of any bonds shall not exceed the useful life of the expenditures being financed.
- Long-term debt will not be utilized to fund current and ongoing operations.
- For long-term debt, the City uses financial advisors independent of bond brokerage houses and independent bond counsel to determine the best method of financing.
- The City will maintain an adequate debt service fund for each bond issue.
- See Debt Service section for a list of criteria for managing debt financing and selecting revenues to finance public facilities.

Pension Plan

- Employees become plan participants on the first day of the month immediately following the date six months after the first day of employment.
- The City will provide sufficient funding to the pension plan in order to ensure that the plan will be able to fully meet its obligations to retired employees on a timely basis. Accordingly, the City will retain independent actuarial advisors to provide the minimum annual required contribution for both employer and employee.
- The Defined Benefit (DB) plan is closed to employees hired after October 1, 2011. DB Employees have a required contribution rate of 5%. For employees hired after October 1, 2011, the City contributes 5% to a Defined Contribution (DC) plan with eligibility for an additional 2.5% matching contribution.

FIRE OVERVIEW

All Divisions

On October 2, 2008, the City's fire department was consolidated with Seminole County. Firefighters were given the option of remaining in the City's pension plan or changing to the Florida Retirement System (FRS). The County remits funds for the active firefighters in their workforce per the FRS rate in effect for the given plan year. The contractually obligated funding differential for those firefighters opting to remain in the City's plan is charged to this cost center as well as the cost of paying down the unfunded pension liability for all retired firefighters.
