CITY OF WINTER SPRINGS, FLORIDA

1126 EAST STATE ROAD 434
WINTER SPRINGS, FLORIDA 32708-2799
Telephone (407) 327-1800

March 22, 2010

To the Honorable Mayor, City Commission and Citizens of the City of Winter Springs, Florida:

State law requires that all general-purpose local governments publish a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and that they be audited in accordance with generally accepted auditing standards (GAAS) by a firm of licensed certified public accountants. Pursuant to that requirement, it is with great pleasure that we present to you the City of Winter Springs, Florida Comprehensive Annual Financial Report (CAFR) for the fiscal year ended September 30, 2009.

Management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Winter Springs has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Winter Springs' financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefit, the City of Winter Springs' comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, to the best of our knowledge and belief, we assert that this financial report is complete and reliable in all material respects.

The City of Winter Springs' financial statements have been audited by McDimit, Davis & Company, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Winter Springs for the fiscal year ended September 30, 2009 are free of material misstatement. The independent audit involved examination of evidence, on a test basis, supporting the amounts and disclosures in the financial statements; assessment of the accounting principles used and significant estimates made by management; and an evaluation of the overall financial statement presentation. Based upon the audit, the independent auditor concluded that reasonable basis existed to render an unqualified opinion that the City of Winter Springs' financial statements for the fiscal year ended September 30, 2009 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The City of Winter Springs' Management's Discussion and Analysis (MD&A) can be found immediately following the report of the independent auditors and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Government

The City of Winter Springs, incorporated in 1959, is located in Seminole County, which is a part of the greater Orlando metropolitan area in East Central Florida. This area is one of the fastest growing

areas in the country. The City currently has a land area of 14.81 square miles and a population of approximately 34,340.

The City operates according to a Council/Manager form of government, with an appointed City Manager, five elected City Commissioners and a separately elected Mayor. The Mayor and Commission are elected for four-year terms. The governing body is responsible for, among other things, passing ordinances, adopting the budget, appointing committees, and hiring the City's Manager, Clerk and Attorney. The City Manager is responsible for carrying out the policies and ordinances of the governing body, for overseeing the day-to-day operations of the government, and for hiring the directors of the various departments.

The City of Winter Springs provides a full range of services, including police protection; the construction and maintenance of highways, streets and other infrastructure; and recreational activities and cultural events. The City maintains both a Water and Sewer Utility, a Stormwater Utility, and a Development Services Fund, which function, in essence, as departments of the City of Winter Springs and therefore have been included as an integral part of the City of Winter Springs' financial statements.

The annual budget serves as the foundation for the City of Winter Springs' financial planning and control. All departments of the City of Winter Springs are required to submit requests for appropriation to the City Manager. The City Manager then uses these requests as the starting point for developing a proposed budget. The City Manager then presents this proposed budget to the City Commission for review on or before July 1. The City Commission is required to hold public hearings on the proposed budget and to adopt a final budget no later than September 30, the close of the City's fiscal year. The appropriated budget is prepared by fund (e.g., General Fund), department (e.g., Police Department) and division (e.g., Criminal Investigation). The City Manager may make transfers of appropriations within a department. Transfers of appropriations between departments, however, require the special approval of the City Commission. Original and final amended budget-to-actual comparisons are provided in this report for each individual governmental fund. For the General Fund, the Public and Communications Service Tax Fund, the Road Improvements Fund and the Solid Waste/Recycling Fund, these comparisons are presented on pages 25-28 as part of the basic financial statements for the governmental funds. For other governmental funds these comparisons are presented in the governmental fund subsection of this report which starts on page 77.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Winter Springs operates.

Local economy. The City of Winter Springs is primarily a retail, office and residential area with a small amount of light industry and commercial business. Approximately 88% of our tax base is comprised of residential properties. Per the DR 422 (Certificate of Final Taxable Value) and relative to the 2008-2009 fiscal year (tax year 2008), the gross taxable value reflects a decrease of 9% from the prior year but an increase of 122% since fiscal year 1999. The operating millage rate decreased from 3.2496 to 2.4714 mills, due to the consolidation of the fire department with Seminole County. The voted debt millage rate associated with the Central Winds General Obligation debt increased slightly from 0.1022 to 0.1100 mills as a result of the declining property valuation. During fiscal year 2009-2010 (tax year 2009), despite declining property values, the City was able to maintain constant operating and voted debt millage rates at 2.4714 and 0.1100 mills, respectively.

The City's population has increased 18% from that of ten years ago. Local indicators are still reflective of a slow real estate market, low construction activity, high foreclosure and unemployment rates and decreased spending. This economic downturn has had an impact on revenue at both the state and local level. At the local level, revenues such as review and permit fees, investment income and state revenue sources have declined. The City has mitigated the effect of reduced revenues with reduced expenditures, constrained hiring and/or project delays and the use of reserves for capital. Thus far into the 2010 fiscal year, there have been no mid-year adjustments to those revenues which the City receives from the state. The best approach for balancing the state's 2010 budget is currently ongoing in the legislature.

Long-term financial planning. The City Commission updated and adopted a 5-year Capital Improvements Plan (CIP) on September 28, 2009 for fiscal years 2010 through 2015. The CIP is currently being evaluated and updated through Fiscal Year 2016 with anticipated completion by summer 2010. The CIP is a multi-year prioritized schedule of improvements that lists each capital improvement by the year it is intended to be purchased or commenced; the amount to be spent per year; and the method of financing such improvement. Each year during the annual budget process the CIP is reviewed to ensure incorporation of all necessary capital improvements. It should be noted; however, that the CIP is not a static document but a flexible and dynamic one that may change to reflect changing priorities, opportunities, costs, or financing approach.

Relevant Financial Policies. Implementation of Zero-Based Budgeting represents a major change in the fiscal year 2010 model as compared to incremental budgeting used in prior fiscal years. There are three fiscal policies that are utilized when preparing and adopting the City's annual budget. The first policy is to maintain an Unreserved General Fund balance not less than 25% of the total operating expenses of the General Fund, excluding capital outlay and debt. By a super-majority vote of the Commission, supplemental appropriation from Unreserved General Fund balance may be authorized by the Commission for a General Fund purpose which may potentially reduce the Unreserved General Fund balance which would be restored to, at least, the minimum in the following year's budget. This fund balance philosophy carries over to the Water and Sewer Utility, Stormwater Utility and Development Services. Some funds such as debt service exist for very specific purposes; as such, the potential for unforeseen expenditures is very low. Consequently, it is not necessary for all funds to be constrained by this policy. In such case, the budget serves as the sole constraint. The second fiscal policy is that sufficient recurring revenues exist to pay for all recurring costs, thus avoiding the use of non-recurring revenues and fund balance to fund recurring costs. The final fiscal policy is that sufficient recurring and non-recurring revenues are available to fund non-recurring costs.

Major Initiatives. During fiscal year 2010, as approved during the budget process the City anticipates the following projects:

- MUNIS software module to increase efficiencies in payroll timekeeping and reporting at a cost of approximately \$11,000;
- Implementation of VM Ware designed to provide Public Safety with greater reliability to their data and applications necessary for improved work flow at a cost of approximately \$18,000;
- City Hall message board to improve public communications/notifications \$27,000;
- The purchase of 38 new and leased vehicles, including 2 new motorcycles and 3 ATVs for various Police Department Divisions at a cost of approximately \$370,000;
- New mobile desktops and other data processing equipment for Police staff to cut costs by reducing redundancy of equipment and increase efficiency of reporting at a cost of approximately \$158,000;
- Projects to replace Police tactical equipment and the establishment of a forensics lab totaling approximately \$91,000;
- Continued development of Magnolia Park, a Town Center outdoor amphitheatre totaling

- \$1,188,750;
- Additional improvements at Trotwood Park and park expansion plans to include a permanent dog park, at a cost of approximately \$145,000;
 - New road construction, road improvements and resurfacing and other transportation projects totaling approximately \$4,245,000;
 - Stormwater improvements to meet state water quality regulations and improve efficiencies at a cost of approximately \$220,000;
 - Completion of the Utility/Public Works Facility – Administration building and storage facility project at an approximate cost of \$1,139,000;
 - Replace/upgrade transportation improvement equipment at a cost of approximately \$60,000;
 - Improvements to water treatment plant facilities, water system looping and major maintenance and improvement of water supply, water mains and sanitary sewer lines in order to meet conservation goals and increase efficiencies at a cost of \$1,568,000;
 - Replace/upgrade and add new equipment to Water & Sewer operations at a cost of almost \$97,000.

Awards and Acknowledgements

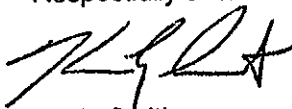

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Winter Springs for its CAFR for the fiscal year ended September 30, 2008. This was the ninth consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the government must publish an easily readable and efficiently-organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement program requirements and will be submitting it to the GFOA to determine its eligibility for another fiscal year.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the finance department. We would like to express our appreciation to all members the department who assisted and contributed to its preparation. Other City departments, although not extensively involved in year-end audit activities, contributed significantly by ensuring the accuracy and integrity of accounting information compiled throughout the year. Without their diligence, the work of the Finance Department would have been considerably more difficult. Appreciation must also be expressed to the City's auditors whose suggestions and attention to detail enhanced the quality of this report.

In closing, we would also like to express appreciation to the Mayor and the City Commission for their support and for maintaining high standards of professionalism in management of the City of Winter Springs' finances.

Respectfully submitted,

Kevin Smith
City Manager

Kelly Balagia
Interim Finance Director

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Commissioners
City of Winter Springs, Florida

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the *City of Winter Springs, Florida*, as of and for the year ended September 30, 2009, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the *City of Winter Springs, Florida*, as of September 30, 2009 and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons for the general fund, the public and communications service tax special revenue fund, road improvement special revenue fund, and the solid waste/recycling special revenue fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

MCDIRMIT DAVIS & COMPANY, LLC
605 E. ROBINSON STREET, SUITE 635 • ORLANDO, FLORIDA 32801
TELEPHONE 407-843-5406 • FAX 407-649-9339 • EMAIL: INFO@MCDIRMITDAVIS.COM

In accordance with *Government Auditing Standards*, we have also issued a report dated February 19, 2010 on our consideration of the *City of Winter Springs, Florida's* internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The Management's Discussion and Analysis starting on page 3 and the pension and other postemployment benefits disclosures on pages 74 and 75 are not a required part of the basic financial statements but are supplemental information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplemental information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the *City of Winter Springs, Florida* basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U. S. Office of Management and Budget Circular A-133 and *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the *City of Winter Springs, Florida*. The schedule of expenditures of federal awards and the combining and individual nonmajor fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

McDiarmid Davis & Company, LLC

February 19, 2010

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Winter Springs we offer readers of the City of Winter Springs' financial statements this narrative overview and analysis of the financial activities of the City of Winter Springs for the fiscal year ended September 30, 2009. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal which can be found on pages iv - vii of this report.

Financial Highlights

- The assets of the City of Winter Springs exceeded its liabilities at the close of the most recent fiscal year by \$81,749,405 (net assets). Of this amount, \$ 16,949,456 (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net assets decreased by \$1,508,651 or 2%.
- As of the close of the current fiscal year, the City of Winter Springs' governmental funds reported combined ending fund balances of \$19,497,237. Approximately 93% of this total amount, \$18,121,615, is available for spending at the government's discretion (unreserved fund balance).
- At the end of the current fiscal year, unreserved fund balance for the general fund was \$8,543,903, or 53% of total general fund expenditures.
- The City of Winter Springs' total debt decreased by \$1,477,360 (3%) during the current fiscal year. Principal payments were made in the amount of \$2,070,871.

Overview of the Financial Statements

The financial statements focus on both the City as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year-to-year or government-to-government) and enhance the City's accountability.

This discussion and analysis are intended to serve as an introduction to the City of Winter Springs' basic financial statements, which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Winter Springs' finances, in a manner similar to a private-sector business.

The *Statement of Net Assets* presents information on all of the City of Winter Springs' assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City of Winter Springs is improving or declining.

The *Statement of Activities* presents information showing how the government's net assets changed during the fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus,

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Overview of the Financial Statements (Continued)

Government-wide financial statements. (Continued)

revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Winter Springs that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Winter Springs include general government, public safety, physical environment and culture and recreation. The business-type activities of the City of Winter Springs include a Water and Sewer Utility, Stormwater Utility and Development Services.

The government-wide financial statements include only the City of Winter Springs itself (known as the *primary government*). The City of Winter Springs had no component units. The Water and Sewer Utility, the Stormwater utility, and Development Services function as departments of the City of Winter Springs, and therefore, have been included as an integral part of the primary government.

The government-wide financial statements can be found on pages 16-17 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Winter Springs, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Winter Springs can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Winter Springs maintains 40 individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, Public and Communications Service Tax Special Revenue Fund, Road Improvements Special Revenue Fund, Solid Waste/Recycling Special Revenue Fund, and TLBD Debt Service Fund, all five of which are considered to be major funds. Data from the other 35 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Overview of the Financial Statements (Continued)

Governmental Funds. (Continued)

The City of Winter Springs adopts an annual appropriated budget for all governmental funds. Budgetary comparison statements have been provided for the General Fund, Public and Communications Service Tax Special Revenue Fund, Road Improvements Special Revenue Fund, and Solid Waste/Recycling Special Revenue Fund to demonstrate compliance with this budget on pages 24-28. Budgetary comparison schedules have been provided for the TLBD Debt Service Fund and the nonmajor funds on pages 76 and 95-129.

The basic governmental fund financial statements can be found on pages 18-23 of this report.

Proprietary funds. The City of Winter Springs maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City of Winter Springs uses enterprise funds to account for the Water and Sewer Utility, Stormwater Utility and Development Services department.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer Utility, Stormwater Utility, and Development Services.

The basic proprietary fund financial statements can be found on pages 29-32 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City of Winter Springs' own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 33-34 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 35-73 of this report.

Required Supplementary Information (RSI). RSI can be found on pages 74-75 of this report.

Other information. The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the Notes to Financial Statements. Combining and individual fund statements and schedules can be found on pages 77-129 of this report.

Government-wide Financial Analysis

Statement of Net Assets. As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City of Winter Springs, assets exceeded liabilities by \$81,749,405 at the close of the most recent fiscal year.

Over half (\$53,740,287 or 66%) of the City of Winter Springs' net assets reflect its investment in capital assets (e.g., land, buildings, machinery and equipment); less any related outstanding debt used to acquire those assets. The City of Winter Springs uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Government-wide Financial Analysis (Continued)

Statement of Net Assets. (Continued)

Although the City of Winter Springs' investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Net assets that are subject to external restrictions as to how they may be used total \$11,059,662 (13%). The remaining balance of *unrestricted net assets* (\$16,949,456 or 21%) may be used to meet the government's ongoing obligations to citizens and creditors.

At September 30, 2009, the City of Winter Springs is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities. This was also the case at the close of the prior fiscal year.

The following table reflects the condensed *Statement of Net Assets* for the current and prior year. For more detail see the *Statement of Net Assets* on page 16.

Government-wide Financial Analysis (Continued)

Statement of Changes in Net Assets. The following table reflects the *Statement of Changes in Net Assets* for the current and prior year. For more detailed information see the *Statement of Activities* on page 17.

Note that the government's total net assets decreased by \$1,508,651 or 2% in fiscal year 2009. The previous fiscal year, 2008, net assets decreased by \$932,553.

Governmental activities increased net assets by \$176,420 in fiscal year 2009 compared to an increase of \$813,540 in 2008. The smaller increase in net assets is due to decreased property tax revenue, and decreased expenditures.

Business-type activities decreased net assets by \$1,685,071 in fiscal year 2009 compared to a decrease of \$1,746,093 in 2008.

Following the *Changes in Net Assets* table is a series of bar and pie charts that relay in pictorial form the revenues and expenses for each of the governmental and business-type activities as well as the revenue "source" for each.

Additional information regarding the changes in fund balance of the governmental and business-type activities can be found in the section entitled **Financial Analysis of Government's Funds** on page 11.

Note that the first graph depicts governmental program-specific revenues and expenses. For this graph the revenue does not include property taxes, utility taxes, business tax receipts, intergovernmental revenue, investment income or miscellaneous revenue. This chart is intended to show the amount of program expenses funded by *specific* program revenues.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Financial Analysis of the Government's Funds

As noted earlier, the City of Winter Springs uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City of Winter Springs' *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City of Winter Springs' financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of September 30, 2009, the City of Winter Springs' governmental funds reported combined ending fund balances of \$19,497,237, a decrease of \$1,641,427 over the prior year. Approximately 93% or \$18,121,615 of this total amount constitutes unreserved fund balance, which is available for spending at the government's discretion. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed for such purposes as debt service, inventories and prepaid costs.

The general fund is the chief operating fund of the City of Winter Springs. At the end of the current fiscal year, unreserved fund balance of the General Fund was \$8,543,903, while total fund balance was \$8,778,814. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved and total fund balance represent 53% and 54% respectively, of total General Fund expenditures. The decrease in fund balance of the general fund is primarily due to decreased property tax revenue.

Proprietary funds. The City of Winter Springs' proprietary funds provide the same type of information found in the government-wide financial statements but in more detail.

Unrestricted net assets of the Water and Sewer Utility Fund at the end of the year amounted to \$2,526,831 and total net assets decreased \$799,438. This decrease is due to decreased user charges as well as declining investment income, as well as not receiving any contributed assets in the current year.

The Development Services Fund net assets decreased \$756,507 to a deficit balance of \$58,957 at the end of the fiscal year. The decline in net assets is due to transfers out exceeding operating income.

The Stormwater Utility Fund net assets decreased \$129,126 to \$4,381,662 at the end of the fiscal year. The change in net assets is consistent with previous fiscal years and due to decreases in user charges along with an increase in operating expenses.

General Fund Budgetary Highlights

Differences between the original General Fund budget and the final amended General Fund budget resulted in \$1,041,769 in additional appropriations from fund balance during the year from an appropriation to fund balance of \$72,195 in the original budget to appropriations from fund balance of \$969,574 in the final budget. The majority of the increased appropriation can be summarized as follows:

- \$200,000 decrease in Half Cent Sales Tax
- \$215,000 decrease in fines and forfeiture income
- \$220,000 increase in miscellaneous income

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

General Fund Budgetary Highlights (Continued)

- \$70,000 decrease in local business tax
- \$300,000 increase in public safety expenditures
- \$140,000 increase in transfers out

The actual results of General Fund for the year show an appropriation from fund balance of \$322,280 compared to a final budgeted appropriation from fund balance of \$969,574. The favorable variance of \$647,294 is primarily comprised of the following:

- \$110,000 unfavorable variance in the half cent sales tax
- \$350,000 unfavorable variance in investment income
- \$750,000 favorable variance in total general government expenditures
- \$350,000 favorable variance in public safety expenditures
- \$270,000 favorable variance in physical environment expenditures
- \$200,000 favorable variance in culture and recreation expenditures
- \$370,000 unfavorable variance in transfers, primarily due to transfers in being less than budgeted.

The comparison of budgeted results to actual results for the General Fund is shown on pages 24-25.

Capital Asset and Debt Administration

Capital assets. The City of Winter Springs' investment in capital assets for its governmental and business-type activities as of September 30, 2009, amounts to \$92,644,409 (net of accumulated depreciation), for a decrease of \$329,222 over the prior year. This investment in capital assets includes land, buildings, improvements, machinery and equipment, intangibles, park facilities, roads, highways, and bridges. The total decrease in the City of Winter Springs' investment in capital assets for the current fiscal year was 0.4% (a 0.4% increase for governmental activities, and a 1.7% decrease for business-type activities).

Major capital asset events during the current fiscal year included the following:

- The completion and capitalization of road resurfacing totaling almost \$249,000;
- The completion and capitalization of signal upgrades to SR 434/ SR 419 totaling \$216,000 (\$20,000, \$22,000 and \$174,000 was spent in 2007, 2008 and 2009, respectively);
- The completion and capitalization of road reconstruction including Moss Rd and Phase III of Winter Springs Boulevard at a cost of \$1,253,000 (\$1,071,000 and \$182,000 was spent in 2008 and 2009, respectively);
- The completion and capitalization of the Veterans' Memorial at a cost of almost \$147,000 (\$108,000 and \$39,000 was spent in 2008 and 2009, respectively);
- The completion and capitalization of FRDAP#8 Project at Trotwood Park which now includes a splash pad play area as one of its amenities at a cost of \$526,000 (\$58,000, \$12,000 and \$456,000 was spent in 2007, 2008 and 2009, respectively);
- The completion and capitalization of the project to improve the SR 434 median hardscape at cost of \$40,000 (\$9,000 and \$31,000 was spent in 2008 and 2009, respectively);

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Capital Asset and Debt Administration (Continued)

- The completion and capitalization of the installation of the above ground fuel tank at City Hall at a cost of almost \$31,000 (\$3,000 and \$28,000 was spent in 2008 and 2009, respectively);
- The completion of water and sewer main projects at a cost of \$797,000 (\$37,000 and \$760,000 was spent in 2008 and 2009, respectively);
- The completion of electrical improvements to Water Treatment Plant #3 at a cost \$324,000 (\$18,000, \$102,000, \$176,000, \$15,000 and \$13,000 was spent in 2004, 2006, 2007, 2008 and 2009, respectively);
- The completion and capitalization of pipe relining at a cost of \$158,000,
- The continued construction on road improvements including the Hayes and Tuscora Roads and Vistawilla Drive deceleration lanes at SR 434, intersection improvements at SR 419 / Wade Street and the paving of the Ranchland roadways totaling nearly \$404,000;
- The continued construction of the sidewalk on Northern Way to Shetland Avenue totaling almost \$126,000;
- The continued expansion at the Public Works facility to include buildings 6 and 7 totaling \$578,000;
- The continued construction of the Magnolia Park addition and amphitheater totaling \$94,000.

Additional information on the City of Winter Springs' capital assets can be found in Note 7 on pages 52-54 of this report.

Long-term debt. At September 30, 2009, the City of Winter Springs had total debt outstanding of \$44,778,049, a decrease of \$1,477,360 from \$46,255,409 at September 30, 2008. Total *bonded* debt of the City at the end of the current fiscal year was \$37,546,421, for a decrease of \$1,725,853 over the prior year. This amount does not include accreted interest of \$4,941,906. Of the total amount of bonded debt, \$2,925,000 comprises debt backed by the full faith and credit of the government and \$1,935,000 is special assessment debt for which the government is liable in the event of default by the property owners subject to the assessment. The remainder of the City of Winter Springs' bonded debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Capital Asset and Debt Administration (Continued)

Other than principal payments, there were no changes in the structure of the City's bonded debt during fiscal year 2009.

There are no limitations placed on the amount of debt the City may issue either by the City's charter, code of ordinances or by the Florida State Statutes.

Additional information on the City of Winter Springs' long-term debt can be found in Notes 8 and 9 on pages 54-60 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Economic Factors and Next Year's Budgets and Rates

Primarily as a result of economic conditions and the continued effects of Amendment One, there was a 10% decline in the tax year 2009/fiscal year 2010 final gross taxable property value which was both budgeted and realized. During fiscal year 2010, the City levied an operating millage rate of 2.4714 and a voted debt millage rate of 0.1100 which remained constant from fiscal year 2009. As a result of the fire consolidation, a Municipal Service Taxing Unit rate (MSTU) of 2.3299 was also levied by Seminole County for fire services related to the 2010 fiscal year.

The Amendment One highlights as approved by the Florida electorate on January 29, 2008 are as follows:

- *Doubling* of the Homestead Exemption from \$25,000 to \$50,000;
- Allowance of up to \$500,000 of accumulated Save-Our-Homes exemption can be transferred (*portability*) from an existing homestead property to a newly purchased one;
- Creation of a new exemption for the first \$25,000 of assessed value for *tangible personal property*; and,
- 10% cap per year on the increase of the assessed value of a non-homestead property (*effective fiscal year 2010*).

The City considered many factors during the preparation of the fiscal year 2010 budget. In addition to property tax revenue reductions, large reductions in intergovernmental revenues and interest earnings were also anticipated. Faced with an approximate \$1.7 million budget shortfall in the General Fund, budget-balancing strategies of selected personnel reorganizations, utilization of General Fund reserves for capital expenditures and implementation of zero-based budgeting were employed. As a result, a 2010 budget was approved and adopted which maintained current service levels without utilization of reserves for operating purposes and without an increase in operating or voted debt service millage rates.

The economic downturn continues in the housing market and is directly correlated with impact fees and those revenues in the Development Services fund. The impact fee funds have seen a steady downward revenue trend but have aggressively countered by curtailing and/or delaying capital projects. The Development Services Fund budget anticipates the necessity for a short-term loan from the General Fund in order to cure a projected 2010 deficit which is consistent with the 2010 budget. The revenue trend is anticipated to be slightly upward as the fiscal year progresses. Future alternative options are presently being examined and evaluated.

At the end of fiscal year 2009, the rate study undertaken by the Water and Sewer Utility Fund was completed. The requisite public hearings culminated in water and sewer rate increases which were implemented in October 2009.

Requests for Information

This financial report is designed to provide a general overview of the City of Winter Springs' finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Director, 1126 East State Road 434, Winter Springs, Florida, 32708. The Comprehensive Annual Financial Report is also available at the City of Winter Springs' website located at www.winterspringsfl.org.

**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET ASSETS**

September 30, 2009

Total fund balance, governmental funds	\$ 19,497,237
Amounts reported for governmental activities in the Statement of Net Assets are different because:	
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds.	59,420,246
Other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the funds.	5,907,568
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.	(22,209,935)
Bond issuance costs, which are expenditures in the funds, are deferred and amortized over the life of the bond.	172,288
The cumulative net pension contribution in excess of the annual required contribution is presented as an asset on the statement of net assets.	5,673
Net Assets of Governmental Activities in the Statement of Net Assets	<u>\$ 62,793,077</u>

CITY OF WINTER SPRINGS, FLORIDA

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE
STATEMENT OF ACTIVITIES**

For the Year Ended September 30, 2009

Net change in fund balances - total governmental funds: \$ (1,641,427)

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report outlays for capital assets as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period	280,192
The net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins and disposals) is to decrease net assets	(35,262)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items	1,090,872
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds	734,584
Special assessment revenue reported in the funds must be eliminated from the statement of activities since revenue was recognized in a prior year	(88,028)
Pension expenses recorded in the statement of activities which are in excess of the annual required pension contribution are considered to be assets and not expenses of the period	5,673
Some expenses reported in the statement of activities do not require the use of current financial resources and these are not reported as expenditures in governmental funds.	<u>(170,184)</u>
Change in net assets of governmental activities	<u>\$ 176,420</u>

The accompanying Notes to Financial Statements are an integral part of these statements.

NOTES TO FINANCIAL STATEMENTS

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 1 - Summary of Significant Accounting Policies:

A. Reporting Entity

The *City of Winter Springs, Florida* (the City) is a political subdivision of the state of Florida located in Seminole County, and was established by the Laws of Florida 59-1614. The legislative branch of the City is comprised of a five-member elected Commission and a separately elected mayor, which is governed by the City Charter and by state and local laws and regulations. The City Commission is responsible for the establishment and adoption of policy; the execution of such policy is the responsibility of the City Manager appointed by the Commission.

In evaluating how to define the government, for financial reporting purposes, the City has considered all potential component units. The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body, and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship exists if the primary government (a) is entitled to the organizations' resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (c) is obligated in some manner for the debt of the organization. In applying the above criteria, management has determined that there are no component units to be included within the reporting entity.

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 1 - Summary of Significant Accounting Policies (Continued):

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 1 - Summary of Significant Accounting Policies (Continued):

***C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)***

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The government reports the following funds:

Major Governmental Funds

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Public and Communications Service Tax Special Revenue Fund* accounts for collections of utility taxes charged on electric, water and gas services as well as telecommunications service taxes. Proceeds are used to pay annual debt service and monies not required to pay debt service are transferred to the general fund.

The *Road Improvements Special Revenue Fund* accounts for collected one-cent sales tax revenues to be used for transportation-related improvements.

The *Solid Waste/Recycling Special Revenue Fund* accounts for proceeds from billed solid waste and recycling services performed by contract vendors. Proceeds are used to pay monthly vendor charges for providing solid waste and recycling services.

The *TLBD Debt Service Fund* was established to account for the accumulation of resources and payment of principal and interest for the 2001 special assessment bond issue.

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 1 - Summary of Significant Accounting Policies (Continued):

***C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)***

Non-Major Governmental Fund Types

Special Revenue Funds account for specific revenue sources that are restricted by law or administrative action to expenditures for specific purposes.

Debt Service Funds account for the accumulation of resources for and the payment of principal and interest on certain long-term debt.

Capital Projects Funds account for financial resources segregated for the acquisition or construction of major capital facilities.

Major Proprietary Funds

The *Water and Sewer Utility Fund* is used to account for the operations of the City's water and wastewater systems, which are financed in a manner similar to private business enterprises, where the costs, including depreciation, of providing services to the general public on an ongoing basis are financed primarily through user charges.

The *Development Services Fund* is used to account for the operations of the City's building and other permits department, where the costs, including depreciation, of providing services to the general public are financed primarily through user charges.

The *Stormwater Utility Fund* is used to account for the City's operation and maintenance of the stormwater system, where the costs, including depreciation, of providing services to the general public are financed primarily through user charges.

Fiduciary Fund

The Pension Trust Fund accounts for contributions to the defined benefit plan.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 1 - Summary of Significant Accounting Policies (Continued):

***C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)***

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are other charges between the City's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's water, sewer and stormwater utility funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities, and Net Assets or Equity

1. Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments of the City are reported at fair value. The City's investments consist of investments authorized per their investment policy adopted in accordance with Section 218.415, Florida Statutes.

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 1 - Summary of Significant Accounting Policies (Continued):

D. Assets, Liabilities, and Net Assets or Equity (Continued)

2. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All receivables are shown net of an allowance for uncollectibles. The County bills and collects property taxes and remits them to the City. City property tax revenues are recognized when levied to the extent that they result in current receivables.

All property is reassessed according to its fair value on the lien date, or January 1 of each year. Taxes are levied on October 1 of each year. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. The taxes paid in March are without discount. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. On or around May 31 following the tax year, certificates are sold for all delinquent taxes on real property.

3. Inventories and Prepaid Items

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. These are recorded as expenditures when consumed rather than when purchased.

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 1 - Summary of Significant Accounting Policies (Continued):

D. Assets, Liabilities, and Net Assets or Equity (Continued)

4. Restricted Assets

Certain proceeds of the City's enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts and their use is limited by applicable bond covenants. Assets so designated are identified as restricted assets on the balance sheet.

5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$1,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

In accordance with GASB Statement 51, beginning balance of capital assets has been restated to include intangible assets which had been acquired prior to September 30, 2008.

Property, plant, and equipment of the City are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	30
Improvements	20-50
Infrastructure	30-50
Intangible assets	3-10
Equipment	3-10

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 1 - Summary of Significant Accounting Policies (Continued):

D. Assets, Liabilities, and Net Assets or Equity (Continued)

6. Compensated absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the government does not have a policy to pay any amounts when employees separate from service with the government. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. For governmental activities, compensated absences are generally liquidated by the General Fund.

7. Long-term obligations

In the government-wide financial statements, and for proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts (including deep-discount or capital appreciation bonds), as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

8. Fund equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

CITY OF WINTER SPRINGS, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 2 - Prior Period Adjustment:

Beginning fund balance in the Transportation Impact Fee Fund has been adjusted for the effects of impact fee credits previously recorded in the fund statements in error. As a result, fund balance at beginning of year was increased by \$380,081. There was no effect on revenue or expenditures of the prior year.

Note 3 - Reconciliation of Government-Wide and Fund Financial Statements:

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Assets

The governmental fund balance sheet includes a reconciliation between *fund balance - total governmental funds* and *net assets - governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that "long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds." The details of this (\$22,209,935) difference are as follows:

Bonds payable	\$(17,413,970)
Less: Issuance discount (to be amortized as interest expense)	16,987
Add: Issuance premium (to be amortized as interest expense)	(62,674)
Less: Deferred charge on refunding (to be amortized as interest expense)	98,559
Accreted interest payable	(2,505,107)
Notes payable	(1,240,850)
Capital lease payable	(116,852)
Accrued interest payable	(249,979)
Other post employment benefits	(56,241)
Compensated absences	<u>(679,808)</u>
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net assets - governmental activities</i>	<u><u>\$(22,209,935)</u></u>

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 3 - Reconciliation of Government-Wide and Fund Financial Statements (Continued):

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities (Continued)

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances - total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$280,192 difference are as follows:

Capital outlay	\$ 2,867,389
Depreciation expense	<u>(2,587,197)</u>
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	<u>\$ 280,192</u>

Another element of that reconciliation states that “the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.” The details of this \$1,090,872 difference are as follows:

Debt issued or incurred:	
Principal repayment	<u>\$ 1,090,872</u>
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	<u>\$ 1,090,872</u>

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 3 - Reconciliation of Government-Wide and Fund Financial Statements (Continued):

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities (Continued)

Another element of that reconciliation states that “Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.” The details of this (\$170,184) difference are as follows:

Compensated Absences	\$ 219,935
Amortization of issuance costs	(14,976)
Amortization of bond discounts	(4,748)
Accrued interest payable	11,060
Other post employment benefits	(56,241)
Accreted interest payable	<u>(325,214)</u>
Net adjustment to decrease <i>net changes in fund balances – total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	<u>\$(170,184)</u>

Note 4 - Stewardship, Compliance, and Accountability:

A. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. All annual appropriations lapse at fiscal year end. The City follows these procedures set forth below in establishing the budgetary data reflected in the financial statements.

1. On or before July 1st of each year, the City Manager submits a Proposed Budget to the City Commission for the fiscal year beginning the following October 1st. The budget includes proposed revenues, expenditures and a description of capital activities for the ensuing fiscal year.
2. The City Commission then holds informal workshops, wherein the public is invited to attend.
3. On or before September 30th of each year, two public hearings are completed and the Commission establishes the ad valorem tax millage followed by the adoption of the final budget.
4. The budget may be formally amended by the City Commission at any time. Budgeted amounts presented in the accompanying financial statements have been adjusted for any legally authorized revisions of the annual budgets during the year.

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 4 - Stewardship, Compliance, and Accountability (Continued):

A. Budgetary Information (Continued)

- 5 The City Manager is authorized to transfer budgeted amounts between accounts within a department. At any time during the fiscal year, the City Manager may transfer part or all of any unencumbered appropriations among programs within one department. The legal level of budgetary control is the departmental level.

B. Deficit Net Assets

The Development Services fund had a deficit net asset balance of \$58,957 at September 30, 2009.

Note 5 - Deposits and Investments:

Deposits

At year-end, the carrying amount of the City's deposits was \$2,989,940 and the bank balance was \$1,517,838. Petty cash funds of \$1,310 are not on deposit with a financial institution, and fiduciary fund cash of \$342,009 held by the pension fund is not in the City's bank. All bank deposits were covered by Federal Depository Insurance or held in banks that are members of the State of Florida's Collateral Pool as specified under Florida law. Florida Statutes provide for collateral pooling by banks and savings and loans. This limits local government deposits to "authorized depositories".

Investments

The City's investment policies are governed by State Statutes and City ordinances. City ordinance allows investments in any financial institution that is a qualified public depository of the State of Florida as identified by the State Treasurer, in accordance with Chapter 280 of the Florida Statutes. Authorized investments are:

1. Florida Local Government Surplus Funds Trust Fund Investment Pool (SBA LGIP)
2. U.S. Government securities
3. U.S. Government Agency securities
4. Federal Instrumentalities (U.S. Government sponsored agencies)
5. Interest bearing time deposit or savings accounts
6. Repurchase agreements
7. Commercial paper
8. Bankers' acceptances
9. State and/or local government taxable and/or tax-exempt debt
10. Registered investment companies (money market mutual funds)
11. Intergovernmental investment pool

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 5 - Deposits and Investments (Continued):

Investments (continued)

The City's investment policy limits credit risk by restricting authorized investment to those described above. The policy requires that the investment in federal instrumentalities be guaranteed by the full faith and credit of the U.S. Government sponsored agency and that investments in money market mutual funds have a Standard & Poors (S & P) rating of AAm or AAm-G. Investments in commercial paper and bankers' acceptances must be rated, at a minimum, "P-1" by Moody's Investors Services and "A-1" by S & P. Investment in state and/or local government taxable and/or tax-exempt debt must be rated at least "Aa" by Moody's and "AA" by S & P for long-term debt, or rated at least "MIG-2" by Moody's and "SP-2" by S & P for short-term debt.

Custodial Credit Risk

In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The city's investment policy requires that the bank deposits be secured as provided by Chapter 280, Florida Statutes. This law requires local governments to deposit funds only in financial institutions designated as qualified public depositories by the Chief Financial Officer of the State of Florida, and creates the Public Deposits Trust Fund, a multiple financial institution pool with the ability to assess its member financial institutions for collateral shortfalls if a default or insolvency has occurred. At September 30, 2009, all of the city's bank deposits were in qualified public depositories.

For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At September 30, 2009, none of the investments listed are exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

Concentration of Credit Risk

The City's investment policy requires diversification, and places limits on the percentage of funds that may be invested with an individual issuer and type of investment.

Interest Rate Risk

The policy limits investment in U.S. Government securities and agencies and federal instrumentalities to a maximum length to maturity of five years. The maximum length to maturity for an investment in any state or local government debt security is three years. Certificates of deposit maximum maturity is one year and commercial paper and bankers' acceptances are 180 days. The maximum length to maturity for repurchase agreements is 90 days.

CITY OF WINTER SPRINGS, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 5 - Deposits and Investments (Continued):

Investments (continued)

Additional Investment Information

During 2009, the City withdrew all of the funds invested in Pool A of the State Board of Administration (SBA) Local Government Investment Pool and is withdrawing funds from Fund B as they become available.

The SBA is not a registrant with the Securities and Exchange Commission (SEC); however, the Board has adopted operating procedures consistent with the requirements for a 2a-7 like fund for the Florida Prime Fund. Therefore, the pool account balance can be used as fair value for financial reporting. Fund B is accounted for as a fluctuating NAVPOOL, not a 2a-7 like money market fund. It is important to note that due to the lack of an actively traded market for Fund B securities, their "market value" is an estimate of current liquidation value that has been determined through a collaborative process among various pricing experts and sources in the marketplace.

Investments held by the City at September 30, 2009 are detailed below.

Investments	Fair Value	Credit Rating	Weighted Average Maturity
Local Government Investment Pool (Fund B)	\$ 555,703	Not rated	7 to 9 years
Local Government Investment Pool (Fund B)	16,128	Not rated	7 to 9 years
Fidelity Institutional Money Market Government Portfolio	4,478,084	AAAm	58 days
US Treasury Notes	1,305,255	TSY	138 days
US Government Supported Corporate debt	4,563,899	AAA	1.36 years
Federal Agency Discount Note	4,510,774	A-1+	22.5 days
Federal Agency Bond Note	7,846,787	AAA	336 days
Fidelity Institutional Money Market Government Portfolio	716,495	AAAm	58 days
Columbia US Treasury Money Market	1,305,070	Not rated	
	<u>\$ 25,298,195</u>		

CITY OF WINTER SPRINGS, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 5 - Deposits and Investments (continued):

Investments: Pension Funds

The City's Pension Trust Fund (Trust) investment policies are governed by State Statutes and City ordinances. City ordinance allows investments in any financial institution that is a qualified public depository of the State of Florida as identified by the State Treasurer, in accordance with Chapter 280 of the Florida Statutes. Authorized investments are:

1. Interest bearing time deposit or savings accounts
2. U.S. Government securities
3. U.S. Government Agency securities
4. Federal Instrumentalities (U.S. Government sponsored agencies)
5. State of Florida Local Government Surplus Fund (SBA)
6. Commercial paper
7. Bankers' acceptances
8. State and/or local government taxable and/or tax-exempt debt
9. Intergovernmental investment pool
10. Common and preferred stocks, commingled funds, mutual funds, bonds and structured mortgage or asset backed securities
11. Real Estate and real estate securities
12. Repurchase agreements
13. Foreign securities
14. Registered investment companies (money market mutual funds)

The investments held by the City's Pension Trust Fund at September 30, 2009 are detailed below:

<u>Investments</u>	<u>Fair Value</u>	<u>Weighted Average Maturity (Years)</u>
Stocks	\$ 10,806,520	N/A
Bonds	6,087,443	4.58 years
Total Investments	<u>16,893,963</u>	
Cash and Cash Equivalents	342,009	
Total Cash and Investments	<u><u>\$ 17,235,972</u></u>	

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 5 - Deposits and Investments (continued):

Investments: Pension Funds (continued):

Credit Risk

The City's Trust investment policy limits credit risk by restricting authorized investment to those described above. The policy requires that the investments in: federal instrumentalities be guaranteed by the full faith and credit of the U.S. Government sponsored agency; deposit accounts be insured by the Federal Deposit Insurance Corporation and may not exceed maximum insured amount; commercial paper be rated in the highest category by a nationally recognized rating service; Letters of Credit (LOC) backing commercial paper, the long-term debt of the LOC provider be rated A or better by at least two nationally recognized rating services; bankers' acceptances of the United States Banks or federally chartered domestic office of a foreign bank, which are eligible for purchase by the Federal Reserve System, be rated in the highest category by a nationally recognized rating service; General Obligation and/or Revenue Bonds of state or local government taxable or tax-exempt debt be rated A, for long-term debt, by a nationally recognized rating service or rated "MIG-2" or "SP-2", for short term debt, by a nationally recognized rating service; intergovernmental investment pools be authorized to the Florida Interlocal Cooperation Act provided in Section 163.01, Florida Statutes; equities be traded on a national exchange; money market mutual funds have a rating of "A1" by Standard & Poor's (S&P) or "P1" by Moody's Investor Services (Moody's); fixed income securities be investment grade as measured by S&P or Moody's; and any bonds or notes that fall below investment quality must be liquidated immediately.

Custodial Credit Risk

Custodial risk is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At September 30, 2008, none of the Trust investments listed are exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

Concentration of Credit Risk

The City's Trust investment policy requires diversification, and places limits on the percentage of funds that may be invested with an individual issuer and type of investment. The policy limits an individual issuer of common or capital stock to no more than 5% of the fund's assets; the aggregate investment in any one stock issuing company to no more than 5% of the outstanding capital stock of the company; and the value of bonds issued by any single corporation to no more than 3% of the total fund. The policy limits investments in corporate common stock and convertible bonds to no more than 75% of the fund assets at market value; foreign securities to no more than 20% of fund assets at market value; and alternative investments, such as timber and real estate, to no more than 15% of the fund assets at market value. At September 30, 2009, there were no security investments in the Trust that were over their respective limitations.

CITY OF WINTER SPRINGS, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 5 - Deposits and Investments (continued):

Investments: Pension Funds (continued):

Interest Rate Risk

The Pension investment policy allows for investment in commingled funds administered by national or state banks, and mutual funds. Authorized investments criteria with the exception of commingled funds, apply to security level investments. All fixed income investments in the Pension portfolio are commingled funds.

The Pension fixed income portfolio may be invested in securities with a maturity up to (30) years, so long as the average duration of the portfolio will not exceed +/- 125% of the duration of the Policy benchmark. There were no security level fixed income investments in the Pension Portfolio.

Note 6 - Receivables:

Receivables as of yearend for the City's individual major funds and nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

<u>Fund(s)</u>	<u>Accounts Receivable</u>	<u>Allowance Uncollectible Accounts</u>	<u>Net Receivable</u>
General	\$ 116,428	\$ -	\$ 116,428
Public & Communications Service			
Tax Special Revenue	143,195	-	143,195
Road Improvements Special Revenue	4,110,298	-	4,110,298
Solid Waste/Recycling Special Revenue	4,199	-	4,199
TLBD Debt Service	1,610	-	1,610
Water & Sewer Utility	1,291,526	(36,158)	1,255,368
Nonmajor Governmental	<u>318,167</u>	<u>(290,930)</u>	<u>27,237</u>
	<u>\$5,985,423</u>	<u>\$ (327,088)</u>	<u>\$5,658,335</u>

There is an amount of \$3,233,890 included in accounts receivable above in the Road Improvements Special Revenue Fund that is not considered to be available to liquidate liabilities of the current period. There are also special assessments receivable of \$2,673,678 that are not available to liquidate liabilities of the current period. These receivables totaling \$5,907,568 are reported as deferred revenue in the governmental funds balance sheet.

CITY OF WINTER SPRINGS, FLORIDA

CITY OF WINTER SPRINGS, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 7 - Capital Assets (Continued):

Depreciation expense was charged to functions/programs as follows:

Governmental activities:	
General government	\$ 226,263
Public safety	342,850
Physical environment	1,553,409
Culture and recreation	464,675
Total depreciation expense - governmental activities	<u>\$ 2,587,197</u>
Business-type activities:	
Water and sewer	\$ 1,620,404
Development services	13,951
Stormwater	237,383
Total depreciation expense - business-type activities	<u>\$ 1,871,738</u>

For the business-type activities, total depreciation expense does not equal increases to accumulated depreciation due to asset transfers from the general fund to the water and sewer utility fund.

The City has restated the beginning balance for capital assets to include intangible assets in accordance with GASB Statement No. 51. Total net assets were not affected as a result of this restatement. All intangible assets had previously been included as a part of Machinery and Equipment totals.

Note 8 - Leases:

Capital Leases - The City has entered into lease agreements as lessee for financing the acquisition of several police vehicles. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date. Included in the capitalized amount is \$36,528 of modifications to the leased vehicles in order to make them operational for police purposes.

The assets acquired through capital leases are as follows:

Assets -	Governmental
Machinery & equipment	<u>Activities</u>
Less: accumulated depreciation	\$ 477,996
Total	<u>(276,830)</u>
	<u>\$ 201,166</u>

CITY OF WINTER SPRINGS, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 8 - Leases (Continued):

The future minimum lease obligations and the net present value of these minimum lease payments as of September 30, 2009 were as follows:

<u>Year Ending September 30,</u>	Governmental Activities
2010	\$ 121,487
Total minimum lease payments	121,487
Less: Amount representing interest	<u>(4,635)</u>
Net present value	<u>\$ 116,852</u>

Note 9 - Long-Term Debt:

Revenue Bonds

The City issues bonds where the City pledges revenue derived from the acquired or constructed assets to pay debt service. Revenue bonds have been issued for both governmental and business-type activities.

The 1999 Improvement Refunding Bonds are secured by Electric Franchise fees and Public Service tax revenue. The total principal and interest remaining to be paid on this series is \$16,172,299. For the fiscal year, principal and interest paid on this series was \$141,085 and total pledged revenue was \$5,929,665.

The 2001 Special Assessment Bonds are secured by a first lien and pledge of assessments levied on the property within the assessed area as well as the first \$160,000 of half-cent sales tax received by the City each year. The total principal and interest remaining to be paid on this series is \$3,169,702. For the fiscal year, principal and interest paid on this series was \$154,725 and total pledged revenue was \$313,501.

The 2003 Improvement Refunding Bonds are secured by Electric Franchise fees and Public Service tax revenue. The total principal and interest remaining to be paid on this series is \$8,755,470. For the fiscal year, principal and interest paid on this series was \$876,723 and total pledged revenue was \$5,929,665.

The 2000 Water and Sewer Refunding bonds are secured by net revenue from the water and sewer system. The total principal and interest remaining to be paid on this series is \$21,721,907. For the fiscal year, principal and interest paid on this series was \$206,303 and total pledged net revenue was \$2,078,291.

The 2001 Water and Sewer Refunding bonds are secured by net revenue from the water and sewer system. The total principal and interest remaining to be paid on this series is \$5,974,052. For the fiscal year, principal and interest paid on this series was \$469,390 and total pledged net revenue was \$2,078,291.

CITY OF WINTER SPRINGS, FLORIDA

General Obligation Bonds

During 2003, the City issued limited general obligation bonds for the acquisition of property to expand Central Winds Park. These bonds are payable from and secured by a pledge of the faith, credit and taxing power of the City, provided that the levy of ad valorem taxes by the City in each year for the payment of debt service on the Series 2003 Bonds shall not exceed one quarter (1/4) of one mil on all of the taxable property in the City. The total principal and interest remaining to be paid on this series is \$4,895,787. For the fiscal year, principal and interest paid on this series was \$223,433 and total pledged revenue was \$213,629. General obligation bonds currently outstanding are as follows:

<u>Governmental Activities</u>	<u>Interest Rates and Dates</u>	<u>Maturity</u>	<u>Original Amount</u>	<u>Balance September 30, 2009</u>
Limited General Obligation Bonds - Series 2002	2.0 - 5.375% (1/1 & 7/1)	7/1/03 - 7/1/31	<u>\$3,400,000</u>	<u>\$2,925,000</u>

Notes Payable

The City issued the 2004 Capital Improvement Revenue Note for an amount not to exceed \$2,500,000. Advances on this note during fiscal year 2004 were \$600,000 was repaid during fiscal year 2004. An advance of \$750,000 occurred in fiscal year 2008 for the construction of the Senior Center Expansion and Therapy Pool project. No additional advances were eligible for withdrawal after February 28, 2008.

The City issued the Capital Improvement Revenue Note, Series 2004A, in the amount of \$575,907 for the purpose of refinancing the Capital Improvement Revenue Note, Series 2000B, in the amount of \$495,907 and to finance \$80,000 cost of completing construction of additional landscaping and irrigation along the Oak Forest subdivision wall. The City covenants to designate payments received from Oak Forest special assessments to pay debt service on this note.

The City issued a Special Assessment Revenue Note Series 2006, in the amount of \$430,000 to provide financing for the Tuscawilla Lighting and Beautification Project, Phase II. The City paid off \$1,337 of this with prepaid assessments during the year ended September 30, 2009.

The Special Assessment Revenue Note Series 2006 is secured by a first lien and pledge of assessments levied on the property within the assessed area. The total principal and interest remaining to be paid on this series is \$286,412. For the fiscal year, principal and interest paid on this series was \$66,823 and total pledged revenue was \$30,679.

CITY OF WINTER SPRINGS, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 9 - Long-Term Debt (Continued):

Notes Payable (Continued)

The debt service requirement to maturity schedule for notes payable assumes that only interest is paid on the Capital Improvement Revenue Note, Series 2004 with principal being paid in the year the note matures as required by government accounting standards. The City's practice, however, has been to budget and appropriate funds for principal and interest payments each fiscal year.

Changes in Long-Term Liabilities

Water and Sewer Utility Fund	11,259	Transfer assets from General Fund.
	\$8,469,486	

Note 11 - Defined Benefit Pension Plan:

Plan Description

The City maintains a single-employer defined benefit pension plan that provides retirement benefits to all City employees. The pension plan is maintained as a Pension Trust Fund and is included with the fund financial statements. This pension plan does not issue a stand-alone financial report.

In October 2008, the City consolidated fire services with Seminole County, and firefighters were given the option to either remain in the City's pension plan or enroll in the County's pension plan. As a result, 17 firefighters elected to remain in the City's pension plan, although they are no longer employees of the City.

The Board of Trustees of the plan are appointed by the City Commission to make advisory recommendations regarding plan provisions and amendments. Any recommendations are then taken back to the Commission for final approval.

CITY OF WINTER SPRINGS, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 11 - Defined Benefit Pension Plan (Continued):

Summary of Significant Accounting Principles

The Plan's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. The City's contributions are recognized when due and formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. All Plan investments are reported at fair value. Securities traded on a national exchange are valued at the last reported sales price on the government's balance sheet date. Securities without an established market are reported at estimated fair value.

Funding Policy

The contribution requirements of plan members and the City are established and may be amended by the Board of Trustees of the Plan. Plan members are required to contribute 3% of their salary to the Plan, which amounted to \$306,420, for the year ended September 30, 2009. The City is required to contribute at an actuarially determined rate; the rate from the most recent actuarial valuation as of October 1, 2007 for the year ended September 30, 2008 is 15.1% of covered payroll. The City's contribution for the year ended September 30, 2009 was \$1,781,197, which is 15.1% of covered payroll. Administration costs and fees attributable to the plan are paid out of the plan and amounted to \$116,982 in 2009.

Membership in the Defined Benefit Plan consisted of the following as of the most recent valuation date, October 1, 2007:

Retirees and beneficiaries receiving benefits	26
Terminated plan members entitled to but not receiving benefits	86
Active plan members:	
Vested	208
Non-vested	<u>51</u>
	<u>371</u>

CITY OF WINTER SPRINGS, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 11 - Defined Benefit Pension Plan (Continued):

Annual Pension Cost and Net Pension Obligation –

The City has not received the actuarial valuation for the year ended September 30, 2009. The annual pension cost, net pension obligation and required contribution for September 30, 2009, were not determined as part of the actuarial valuation of the plan dated October 1, 2007. As discussed on the previous page, in 2009 the City used 15.1% of covered payroll as the annual required contribution in order to calculate the annual pension cost. The following shows the annual pension cost and the net pension asset (contributions in excess of requirements) as of September 30, 2009:

Annual Required Contribution	\$ 1,781,651
Interest on Net Pension Obligation (NPO)	(454)
Adjustment to Annual Required Contribution	-
Annual Pension Cost	<u>1,781,197</u>
City Contributions Made	<u>(1,781,197)</u>
Increase/(Decrease) in NPO	-
Net Pension Asset, beginning of year	<u>(5,673)</u>
Net Pension Asset, end of year	<u><u>\$ (5,673)</u></u>

Three Year Trend Information –

Fiscal Year Ending	Annual Pension Cost (APC)	Actual Contribution	Percentage of APC Contributed	Net Pension Obligation
9/30/2007	1,810,230	1,843,147	101.8	(1,563)
9/30/2008	2,004,975	2,009,085	100.2	(5,673)
9/30/2009	1,781,197	1,781,197	100.0	(5,673)

As of October 1, 2007, the most recent actuarial valuation date, the Plan was 77.2% funded. The actuarial accrued liability for benefits was \$20,114,326 and the actuarial value of assets was \$15,526,572, resulting in an unfunded actuarial liability (UAAL) of \$4,587,354. The covered payroll (annual payroll of active employees covered by the plan) was \$11,190,013, and the ratio of the UAAL to the covered payroll was 41.0%.

The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of the plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits. The schedule of employer contributions is also presented and shows the extent to which the city has funded the actuarially determined annual required contribution (ARC) over time.

The amount legally required as of September 30, 2009 to be reserved for the Plan is \$17,323,879.

CITY OF WINTER SPRINGS, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 11 - Defined Benefit Pension Plan (Continued):

Actuarial Methods and Assumptions - The following is a summary of the actuarial methods and significant actuarial assumptions used in the latest actuarial valuation dated October 1, 2007. The plan was amended October 1, 2004 to increase the benefit formula percentage for service prior to October 1, 2000 of 2.0% by .25% increments each year beginning October 1, 2005 through the plan year beginning October 1, 2008 to 3.0%.

Assumptions:

Investment Earnings	8% compounded annually
Salary Increases/Inflation	3% annually
Post-retirement Benefit Increases	0%
Mortality Table	1983 Group Annuity Male Mortality Table, with women ages set back two years
Normal Form	Life annuity with payments for life of participant
Retirement Age	Later of age 60 or 10 years of service on the valuation date. A 1.5% expense load is added to make allowance for 30 year unreduced benefit provision with LTD disability program.
Turnover/Termination Forfeiture	Assumed to occur at rates approximating 11.62% at age 25 graded down to 0.16% at age 60 and over (T-8 withdrawal table).

Actuarial Valuation:

Frequency	Annual
Funding/Cost Method	Aggregate Entry Age Normal Frozen Initial Liability
Amortization Method	Level Percentage of Projected Payroll plus amortization of past service frozen initial liability
Amortization Period	30 Years Closed
Asset Valuation Method	Long Range Yield

CITY OF WINTER SPRINGS, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 12 - Other Post Employment Benefits:

In accordance with Florida Statutes Section 112.0801, the City makes continued group health insurance through the city's current provider available to retirees and eligible dependents provided certain service requirements and normal age retirement requirements have been met. This benefit has no cost to the City, other than the implicit cost of including retirees in the group calculation. All premiums are paid by the retiree. The City has one retiree currently receiving benefits. The City has chosen pay-as-you-go funding, but is recording the liability in the government wide financial statements. This plan does not issue stand-alone financial statements.

The first actuarial report for the City's Retiree Continuation Insurance plan was prepared as of July 1, 2009. At that point in time, the unfunded actuarial accrued liability (UAAL) for benefits was \$505,000 and funded ratio was 0%. The covered payroll was \$9,230,000 and the ratio of the UAAL to covered payroll was 5.5 percent.

The annual required contribution and Net OPEB Obligation for the fiscal year ended September 30, 2009 is as follows:

Annual required contribution	\$ 93,000
Interest on net OPEB Obligation	-
Adjustment to annual required contribution	-
Annual OPEB Cost	<u>93,000</u>
Employer Contributions	<u>(16,000)</u>
Increase in Net OPEB Obligation	77,000
Net OPEB Obligation (beginning of year)	-
Net OPEB Obligation (end of year)	<u><u>\$ 77,000</u></u>

Summary of Actuarial Methods & Assumptions:

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, normally presents multi-year trend information about whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. The schedule of funding progress includes only one year so multi-year comparison is not available for this period.

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 12 - Other Post Employment Benefits (Continued):

Summary of Actuarial Methods & Assumptions (Continued)

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Actuarial Cost Method- The projected unit credit cost method was used to determine all liabilities, with the liability for each active employee assumed to accrue over his working lifetime based on elapsed time from his date of hire until retirement. For this purpose, employees were assumed to have been hired at the earlier of current age or age 32.

Decrements-

Mortality- Sex-distinct mortality rates set forth in the RP-2000 mortality table to annuitants and non-annuitants.

Disability- Sex-distinct disability rates set forth in the Wyatt 1985 Disability Study; Class 4 rates were used for police officers, Class 1 rates were used for all other employees.

Permanent Withdrawal from Active Status- Sex-distinct withdrawal rates set forth in the Scale 155 table.

Retirement- Retirement was assumed to occur as at age 55 for police officers and at age 60 for all other employees

Investment Return (Discount Rate)- 4.0% per annum (includes inflation at 2.75% per annum)

Health care Costs Trend Rates- The cost of covered medical services has been assumed to increase in accordance with the following rates, compounded annually:

<u>Year</u>	<u>Increase</u>	<u>Year</u>	<u>Increase</u>	<u>Year</u>	<u>Increase</u>
2010	10.00%	2014	8.00%	2018	6.00%
2011	9.50%	2015	7.50%	2019	5.00%
2012	9.00%	2016	7.00%	and later	
2013	8.50%	2017	6.50%		

Implied Subsidy (Not Eligible for Medicare)-The implied subsidy for a 62-year old retiree and his spouse for the period July 1, 2009 through June 30, 2010 is assumed to be \$3,300 per year and \$4,800 per year, respectively.

Implied Subsidy (Dental Insurance)-There is no implied subsidy for dental insurance since it is assumed that the dental insurance costs for covered individuals do not increase with age.

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Implied Subsidy (Dental Insurance)-There is no implied subsidy for dental insurance since it is assumed that the dental insurance costs for covered individuals do not increase with age.

Note 12 - Other Post Employment Benefits (Continued):

Age-Related Morbidity-The cost of covered medical services has been assumed to increase with age at the rate of 3.5% per annum.

Retiree contributions- Retirees electing post-employment healthcare coverage have been assumed to make monthly contributions equal to the premium charged to the active employees and retiree contributions are assumed to increase in accordance with the healthcare cost trend assumption.

Medical Plan Choice- Retirees have been assumed to elect coverage under the "AETNA ALT J A" plan

Future Participation Rates- 10% of eligible employees are assumed to elect healthcare coverage for themselves until age 65 upon retirement or disability; of the retirees election healthcare coverage, 80% of males and 50% of females are assumed to elect coverage for their spouses until age 65.

COBRA Assumption- Future healthcare coverage provided solely pursuant to COBRA was not included in the OPEB valuation; because the COBRA premium is determined periodically based on plan experience, we assumed that the COBRA premium to be paid by the participant fully covers the cost of providing healthcare coverage during the relevant period.

Summary of Benefits

Other Post-Employment Benefits (OPEBs)- The City of Winter Springs provides optional post-employment healthcare and dental insurance coverage to eligible individuals.

Eligible Individuals- Eligible individuals include all regular employees of the City of Winter Springs who retire from active service and are eligible for retirement or disability benefits under the defined benefit pension plan that is sponsored by the City. Under certain conditions, eligible individuals for healthcare coverage also include spouses and dependent children.

Choice of Healthcare Plans- Eligible individuals may choose healthcare coverage under the "AETNA HMO" plan, under the "AETNA ALT J A" plan, or under the "AETNA HIGH B" plan.

Required Monthly Premium for Post-Employment Healthcare Coverage- Retirees must pay a monthly premium as determined by the insurance carrier. The premium varies depending on the plan selected and whether the retiree elects single, single plus spouse, single plus children or family coverage.

CITY OF WINTER SPRINGS, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 13 - Deferred Compensation Plan:

All employees of the City may voluntarily elect to participate in one of two available deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans are administered by Nationwide Retirement Solutions and ICMA Retirement Corporation. The plans permit participants to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

Because the Plan Assets are held in trust for the exclusive benefit of plan participants and their beneficiaries, the Plan is not accounted for in the City's fund financials.

Note 14 - Risk Management:

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; job-related illnesses or injuries to employees; and natural disasters. Risk of loss from above is transferred by the City to various commercial insurers through the purchase of insurance. There has been no significant reduction in insurance coverage from the previous year. There have been no settlements in excess of insurance coverage in any of the prior three fiscal years.

Note 15 - Commitments and Contingencies:

Grants-

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government and the State of Florida. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

Subsequent to year end, the City received notice from FEMA that their grant for Hurricane Charley was being closed out resulting in an under-run of approximately \$1,700,000 that the City owed back to FEMA, primarily for debris removal on private roads. The City recorded a liability of \$569,654 on the financials related to this and is disputing the balance.

Litigation-

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City's counsel the resolution of these matters will not have a material adverse effect on the financial condition of the City.

CITY OF WINTER SPRINGS, FLORIDA

NOTES TO FINANCIAL STATEMENTS

September 30, 2009

Note 15 - Commitments and Contingencies (Continued):

Commitments Under Construction Contracts-

At September 30, 2009, the City had entered into construction contracts in the amount of \$231,136.

Transportation Impact Fee Credits-

The City has entered into a number of agreements with developers under which the developer donates transportation infrastructure improvements or rights of way to the City and receives credit for future transportation impact fee payments. As of September 30, 2009, credit balances for future impact fees total approximately \$380,081.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

- Police Education Fund** - This fund is used to account for the costs of educational expenses for police officers. It is funded by a portion of the collections from fines and forfeitures.
- Special Law Enforcement Trust Fund - Local** - This fund was established to receive revenues from local sources derived from confiscated property obtained during the enforcement of illegal operations. Proceeds are utilized strictly for law enforcement purposes. Such purposes may include drug education programs such as DARE.
- Transportation Improvement Fund** - Revenues in this fund are derived from Local Option Gasoline Tax distribution. Proceeds are to be used for road, right of way, and drainage maintenance and equipment necessary to build or maintain roads, right of ways, and drainage.
- Transportation Impact Fee Fund** - This fund is used to account for collected impact fees on new development to defray the cost of future road construction as a result of growth.
- Police Impact Fee Fund** - This fund is used to account for collected impact fees on new development to defray the cost of capital investment needed to maintain the level of police service due to future growth.
- Fire Impact Fee Fund** - This fund is used to account for collected impact fees on new development to defray the cost of capital investment needed to maintain the level of fire service due to future growth.
- Parks Impact Fee Fund** - This fund is used to account for collected impact fees on new development to defray the cost of capital investment needed to develop and improve the parks due to future growth.
- Public Buildings Impact Fee Fund** - This fund is used to account for collected impact fees on new development to defray the cost of capital investment needed to maintain public buildings due to future growth.
- Medical Transport Services Fund** - This fund is used to receive revenues generated from fees charged for paramedic services. The proceeds from this fund are used to pay for the incremental costs related to providing these services.
- Arbor Fund** - This fund is used to account for arbor revenues. This revenue source is used to maintain a level of plantings in the City.

NONMAJOR GOVERNMENTAL FUNDS - Continued

Special Revenue Funds - Continued

- | | |
|--|--|
| TLBD Maintenance Fund | - This fund is used to account for collected special assessments for maintenance related to the Tuscawilla Lighting and Beautification District for Phases I and II of project. Phase II was accounted for in a separate fund prior to Fiscal Year 2008. |
| Oak Forest Maintenance Fund | - This fund is used to account for collected special assessments for maintenance related to the Oak Forest subdivision wall. |
| Emergency and Disaster Relief Fund | - This fund is used to account for costs of preparation for and cleanup after the hurricanes of 2004. |
| Special Law Enforcement Trust Fund - Federal | - This fund was established to receive revenues from federal sources derived from confiscated property obtained during the enforcement of illegal operations. Proceeds are utilized strictly for law enforcement purposes. Such purposes may include drug education programs such as DARE. |
| HOA Projects - Streetlighting and Signage Fund | - This fund is used to account for costs of projects for Homeowners Associations such as streetlighting and signage. |
| Storm Reserve Fund | - This fund is used to account for reserves set aside from monthly Solid Waste/Recycling fees to cleanup from future storms. |
| Electric Franchise Fee Fund | - This fund is used to account for proceeds of electric franchise fees. These proceeds are used to pay annual debt service. Any excess monies not used to pay debt service are transferred to the General Fund. |
| Fire Assessment Fee Fund | - This fund is used to account for collected special assessments for fire operation expenses. The proceeds are transferred to the General Fund to offset fire operations expenses. |
| Veteran's Memorial Fund | - This fund is used to account for funds collected to pay for engraving honoree's name in the granite Memorial Name Stand and the on-going maintenance and operation of the Veteran's Memorial. |
| HOA Projects - Streetlighting and Signage Fund (Non-escrow) | - This fund is used to account for costs of projects for Homeowners Associations such as streetlighting and signage for non-interest bearing projects. |

NONMAJOR GOVERNMENTAL FUNDS - Continued

Debt Service Funds

- 1999 Debt Service Fund** - This fund is used to account for the accumulation of resources and payment of principal and interest for the 1999 bond issue.
- 2003 Debt Service Fund** - This fund is used to account for the accumulation of resources and payment of principal and interest for the 2003 bond issue.
- Oak Forest Debt Service Fund** - This fund is used to account for the accumulation of resources and payment of principal and interest for the 2000 note payable (Oak Forest portion).
- Central Winds G.O. Debt Service Fund** - This fund is used to account for accumulation of resources and payment of principal and interest for the 2002 limited general obligation bond.
- 2004 Capital Projects Debt Service Fund** - This fund is used to account for the accumulation of resources and payment of principal and interest for the Capital Improvement Revenue Note Series 2004.
- TLBD Phase II Debt Service Fund** - This fund is used to account for the accumulation of resources and payment of principal and interest for the TLBD Phase II Improvements.

STATISTICAL SECTION

This page intentionally left blank.

STATISTICAL SECTION

This part of the *City of Winter Springs*' comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the government's overall health.

<u>Contents</u>	<u>Page</u>
Financial Trends	130
These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.	
Revenue Capacity	137
These schedules contain information to help the reader assess the government's most significant local revenue.	
Debt Capacity	142
These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.	
There are no limitations placed upon the amount of debt the <i>City of Winter Springs</i> may issue by either the City's Charter or the City's Code or by Florida Statutes.	
Demographic and Economic Information	148
These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.	
Operating Information	150
These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

OTHER REPORTS

This page intentionally left blank.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and City Commissioners
City of Winter Springs, Florida

We have audited the financial statements of *City of Winter Springs, Florida*, as of and for the year ended September 30, 2009, and have issued our report thereon dated February 19, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management of employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the City's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the City's financial statements that is more than inconsequential will not be prevented or detected by the City's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the City's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and accordingly would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

MCDIRMIT DAVIS & COMPANY, LLC

TELEPHONE 407-843-5406 • FAX 407-649-9339 • EMAIL: INFO@MCDIRMITDAVIS.COM

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the *City of Winter Springs* in a separate letter dated February 19, 2010. The City's response to our findings identified in our audit is included in this report. We did not audit the City's response, and accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the City Commission and the Auditor General of the State of Florida, and is not intended to be, and should not be used by anyone other than these specified parties.

McDermitt Davis & Company, LLC

February 19, 2010

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR
FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH OMB CIRCULAR A-133**

The Honorable Mayor and City Commissioners
City of Winter Springs, Florida

Compliance

We have audited the compliance of the *City of Winter Springs, Florida* with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement*, that are applicable to the major federal program for the year ended September 30, 2009. The *City of Winter Springs's* major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal programs are the responsibility of the *City of Winter Springs, Florida* management. Our responsibility is to express an opinion on the *City of Winter Springs, Florida* compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about *City of Winter Springs, Florida* compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the *City of Winter Springs, Florida* compliance with those requirements.

In our opinion, the *City of Winter Springs, Florida*, complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended September 30, 2009.

MCDIRMIT DAVIS & COMPANY, LLC
605 E. ROBINSON STREET, SUITE 635 • ORLANDO, FLORIDA 32801

Internal Control Over Compliance

The management of the *City of Winter Springs, Florida* is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the *City of Winter Springs, Florida* internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion of the effectiveness of the *City of Winter Springs, Florida's* internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management of the City, the Auditor General of the State of Florida and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

9. The *City of Winter Springs, Florida* did not qualify as a low risk auditee.

B. Findings-Financial Statement Audit

None reported.

C. Findings and Questioned Costs-Major Federal Awards Programs and State Projects

None reported.

MANAGEMENT LETTER

Honorable Mayor and City Commissioners
City of Winter Springs, Florida

We have audited the financial statements of the *City of Winter Springs, Florida*, as of and for the fiscal year ended September 30, 2009, and have issued our report thereon dated February 19, 2010.

We conducted our audit in accordance with United States generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. We have issued our Report on Internal Control over Financial Reporting and on Compliance and Other Matters, as well as the Report on Compliance with Requirements Applicable to each Major Federal Program and Internal Control over Compliance in Accordance with OMB Circular A-133, and Schedule of Findings and Questioned Costs. Disclosures in those reports and schedules, which are dated February 19, 2010 should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local governmental entity audits performed in the State of Florida, and unless otherwise required to be reported in the report on compliance and internal controls, this letter is required to include the following information.

- Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address significant findings and recommendations made in the preceding annual financial audit report. The recommendations made in the preceding annual financial audit report have been corrected, as detailed in the accompanying pages.
- Section 10.554(1)(i)2., Rules of the Auditor General, requires our audit to include a review of the provisions of Section 218.415, Florida Statutes, regarding the investment of public funds. In connection with our audit, we determined that the *City of Winter Springs, Florida* complied with Section 218.415, Florida Statutes.
- Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address in the management letter any findings and recommendations to improve financial management, accounting procedures, and internal controls. In connection with our audit, we have some comments, which are discussed in the accompanying page.
- Section 10.554(1)(i)4., Rules of the Auditor General, requires that we address violations of provisions of contracts and grant agreements or abuse that have an effect on the financial statements that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.

MCDIRMIT DAVIS & COMPANY, LLC
605 E. ROBINSON STREET, SUITE 635 • ORLANDO, FLORIDA 32801
TELEPHONE 407-843-5406 • FAX 407-649-9339 • EMAIL: INFO@MCDIRMITDAVIS.COM

- Section 10.554(1)(i)5., Rules of the Auditor General, requires based on professional judgment, the reporting of the following matters that are inconsequential to the financial statements, considering both quantitative and qualitative factors: (1) violations of laws, rules, regulations, and contractual provisions or abuse that have occurred, or were likely to have occurred, and would have an immaterial effect on the financial statements; (2) improper expenditures or illegal acts that would have an immaterial effect on the financial statements; and (3) control deficiencies that are not significant deficiencies, including, but not limited to; (a) improper or inadequate accounting procedures (e.g., the omission of required disclosures from the financial statements); (b) failures to properly record financial transactions; and (c) other inaccuracies, shortages, defalcations, and instances of fraud discovered by, or that come to the attention of, the auditor. In connection with our audit, we did not have any such findings.
- Section 10.554(1)(i)6., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information has been disclosed in the notes to the financial statements.
- Section 10.554(1)(i)7.a., Rules of the Auditor General, requires a statement be included as to whether or not the local governmental entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the *City of Winter Springs, Florida* did not meet any of the conditions described in Section 218.503(1), Florida Statutes.
- Section 10.554(1)(i)7.b., Rules of the Auditor General, requires that we determine whether the annual financial report for the *City of Winter Springs, Florida* for the fiscal year ended September 30, 2009, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2009. We determined that these two reports are in agreement.
- Sections 10.554(1)(i)7.c. and 10.556(7), Rules of the Auditor General, require that we apply financial condition assessment procedures. In connection with our audit, we applied financial condition assessment procedures. It is management's responsibility to monitor the entity's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

This management letter is intended solely for the information of the *City of Winter Springs, Florida* and management, and the Florida Auditor General, and is not intended to be and should not be used by anyone other than these specified parties.

CITY OF WINTER SPRINGS, FLORIDA

COMMENTS AND RECOMMENDATIONS

STATUS OF PRIOR YEAR COMMENT

Year Ended September 30, 2009

1. Appropriations in Excess of Funds Available

Appropriations for the Road Improvements Special Revenue Fund and Hazard Mitigation Capital Projects Fund were in excess of anticipated revenue and prior years' fund balance

Recommendation

Procedures should be in place for annual budget amendments where appropriations do not exceed anticipated revenue and prior years' fund balance.

Corrective Action

City has corrected procedures and properly amended budgets.

CITY OF WINTER SPRINGS, FLORIDA

COMMENTS AND RECOMMENDATIONS

CURRENT YEAR COMMENTS

Year Ended September, 30, 2009

1. Segregation of Duties Over Payroll Processing

We noted that the same person inputs employee hours worked, prints payroll reports, sends payroll information to the bank for disbursement, and has ability to change employee pay rates in the system without review of detailed payroll registers.

Recommendation

We recommend that the finance director run an audit report in the system to verify that the only changes to pay rates are authorized by Human Resources. We also recommend that a second employee verify that the employees' time entered into the system equals the time cards submitted. Finance director should review payroll register prior to submittal to the bank.

Dear Sir or Madam:

Your management comment related to fiscal year ended September 30, 2009 was well received by both the City Manager and the Finance Department. The comment represents an opportunity for improvement to be pursued during fiscal year 2010. Below is our response to your management comment as required by the Rules of the Auditor General of the State of Florida.

Segregation of duties over payroll processing:

As mentioned in your Management Letter the payroll accountant inputs employee hours worked, prints payroll reports, sends payroll information to the bank for disbursement and has ability to change employee pay rates in the system without review of detailed payroll registers.

The auditor recommendation is to have the Finance Director run an audit report in the system to verify that the only changes to pay rates are those that have been authorized by Human Resources. It was further recommended that a second employee verify that time entered into the system reflects the submitted time cards and that the Finance Director should review payroll register prior to submission to the bank.

Due to the City's relative small scale, management acknowledges that segregation of duties represents a challenge. It has been determined that an exception report will be developed and implemented in order to identify pay rate changes from one pay period to the next. The veracity of all such changes will be authenticated by Human Resources. Furthermore, a software initiative known as *Munis Employee Self Service* is currently being pursued. It includes a *Time and Attendance* module which will serve to decentralize the input of employee hours worked. Training is anticipated for the April 2010 timeframe with a June 2010 implementation date. The approval process related to 'time card' submission will be designed to ensure that the time entered into the system reflects that which was submitted to the payroll accountant.

Sincerely,

Kevin Smith
City Manager

Kelly Balagia
Interim Finance Director

Honorable Mayor and City Commissioners
City of Winter Springs, Florida

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information, of the *City of Winter Springs, Florida* for the year ended September 30, 2009. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and OMB Circular A-133, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated October 1, 2009. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the *City of Winter Springs, Florida* are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2009. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred, except for the prior period adjustment for impact fee credits discussed in Note 2 to the financial statements.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the City's financial statement were:

Management's estimate for the allowance for doubtful account is based on historical loss levels, and an analysis of the individual accounts. We evaluated the key factors and assumptions used to develop the allowance in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate for the allowance for depreciation is based on the estimated useful lives of the capital assets. We evaluated the reasonableness of the useful lives as well as the depreciation methods in determining that it is reasonable in relation to the financial statements taken as a whole.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole, except for the prior period adjustment for impact fee credits discussed in Note 2 to the financial statements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated February 19, 2010.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of management, the City Commission and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

McDermitt Davis & Company, LLC
