BUDGET MESSAGE

This page intentionally left blank.

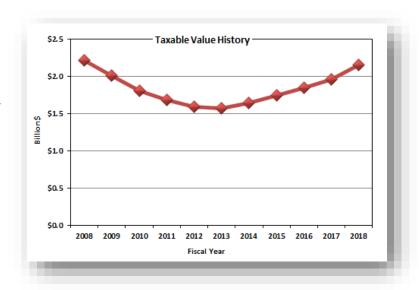

EXECUTIVE SUMMARY

The Fiscal Year 2018 Budget, as proposed, totals \$44,098,065 (excluding appropriations to fund balance), and represents a \$1,103,538 or 2.4%, decrease from the prior fiscal year's budget of \$45,201,603. Total proposed General Fund spending of \$17,569,163 represents a \$228,108 increase over the prior fiscal year. The proposed operating millage rate of 2.43 mills remains unchanged from the prior fiscal year and the proposed voted debt service millage rate of 0.06 mills is 0.01 mills lower than the prior fiscal year.

Funding Outlook

Preliminary ad valorem taxable values, as provided by the Seminole County Property Appraiser (SCPA), are projected to increase approximately 9.8% in Fiscal Year 2018, over the prior year, with approximately one third of that increase resulting from new construction in the City. This represents the fifth consecutive year of expansion, following a five year decline in taxable values (as shown in chart below) totaling

approximately 29%. In addition to new construction, valuation increases in existing aggregate properties projected and therefore reflected in the SCPA's estimates as a result of "continued improvement in commercial and residential property values" (source: SCPA's May 24, 2017 letter). At the proposed millage rate of 2.43 mills, this increase in taxable value is anticipated to result in \$440,058 in increased property tax revenues in the City's General Fund in Fiscal Year 2018. Approximately \$150,000 of this revenue increase is directly attributable to new construction in the City. Additionally, this revenue increase is partially offset by an increase in the TIF payment to the 17/92 CRA of approximately \$25,000 (\$167,000 total estimated payment).

An individual property owner's particular tax bill depends upon several factors including their property's valuation/taxable value, accumulated Save Our Homes savings, and the millage rate levied by the City as well as other agencies (School Board, County, SJRWMD, etc.). The City's proposed millage rate represents approximately 14%, or 14 cents of every dollar, of a Winter Springs taxpayer's total property tax bill.

Exclusive of a projected ad valorem revenue increase, overall General Fund revenue sources for Fiscal Year 2018 are expected to decrease marginally, resulting in an approximate 2% decrease in those revenues, over the prior fiscal year, available to fund the Fiscal Year 2018 Proposed Budget.

We continue to facilitate the Fiscal Year 2018 Budget with a concerted, proactive approach and related strategies which were implemented effective with our Fiscal Year 2010 Budget. These measures have positioned us to meet and overcome the challenges and limitations we have faced without raising our millage rate or reducing the outstanding current level of services provided to our citizens, which remain sound as evidenced in part by the City's recognition during Fiscal Year 2012 as one of the 100 Best Places to Live in America by Money Magazine, our ranking in Fiscal Year 2015 as the Second Safest City to Live in Florida and our third place ranking in Fiscal Year 2017 Smart Travel's 10 Best Places to Live in Florida.

Budget Methodology

The City's Fiscal Year 2018 Proposed Budget continues to incorporate tenets of our previously adopted *Strategic Plan* as well as budgeting strategies previously implemented effective with our Fiscal Year 2010 Budget including personnel reorganizations (as warranted and appropriate) and zero-based budgeting. As

previously discussed, these strategies, and our associated proactive approach to planning and budgeting, have proven successful in positioning the City for current and future growth opportunities.

Personnel and related expenditures represent approximately 64% of total General Fund expenditures, therefore, it is important that these costs be closely examined and monitored on an ongoing basis. Numerous personnel reorganization plans, resulting in significant cost savings without reduction in service levels, have been previously implemented over the past nine years. We continue to examine our overall staffing structure for potential additional reorganizations and/or outsourcing opportunities in order to ensure we have the most efficient and effective use of our limited resources.

Finally, preparation of our Fiscal Year 2018 Budget was facilitated with the continued utilization of a zero-based budgeting paradigm. This technique, which reverses the working process of traditional incremental budgeting, is aimed at ensuring that only a justifiable and defensible level of expenditures is appropriated, thus facilitating our ability to continue to provide our citizens with a millage rate that reflects only that which is justly required for the provision of City services.

Summary information related to the Fiscal Year 2018 Proposed Budget is provided beginning on page iii.

Committed to...

Transparency - Customer Service - Fiscal Responsibility - Excellence - Teamwork

OVERALL BUDGET REVENUES

Based upon an operating millage assumption of 2.4300 mills, total revenues and transfers are projected to decrease by 13.0% in FY 2018. Without consideration of \$6M in budgeted loan proceeds in FY 2017, total revenues and transfers would be increasing by 0.5%. Inclusive of appropriations from fund balance, a total decrease of 7.9% is projected as follows:

	FY 16/17 Original <u>Budget</u>	FY 17/18 Proposed <u>Budget</u>	<u>Change</u>
General	\$17,342,723	\$17,572,116	1.3%
Other Governmental	9,210,879	7,937,667	(13.8%)
Enterprise	<u>17,959,075</u>	13,202,960	(26.5%)
Sub-Total	\$44,512,677	\$38,712,743	(13.0%)
Appropriations From Fund Balance	4,001,478	<u>5,967,434</u>	49.1%
Total	<u>\$48,514,155</u>	\$44,680,177	<u>(7.9%)</u>

OVERALL BUDGET SPENDING

Total expenditures and transfers out are projected to decrease by 2.4% in FY 2018. Inclusive of appropriations to fund balance, a total decrease of 7.9% is projected as follows:

	FY 16/17 Original <u>Budget</u>	FY 17/18 Proposed <u>Budget</u>	<u>Change</u>
General	\$17,341,055	\$17,569,163	1.3%
Other Governmental	12,944,036	13,067,091	1.0%
Enterprise	14,916,512	13,461,811	(9.8%)
Sub-Total	\$45,201,603	\$44,098,065	(2.4%)
Appropriations To Fund Balance	3,312,552	<u>582,112</u>	(82.4%)
Total	<u>\$48,514,155</u>	<u>\$44,680,177</u>	(7.9%)

OVERALL CHANGE IN FINANCIAL POSITION

The year-end fund balance in the General Fund is projected to increase slightly, while year-end fund balances of the Other Governmental Funds (collectively) and fund equity in the Enterprise Funds (collectively) are projected to decrease as follows:

	FY 16/17	FY 17/18	
	Projected Ending Fund	Projected Ending Fund	
	Bal/Equity	Bal/Equity	<u>Change</u>
General	\$8,499,465	\$8,502,418	0.0%
Other Governmental	17,112,117	11,052,292	(35.4%)
Enterprise Total	13,701,458 \$39,313,040	13,442,607 \$32,997,317	(1.9%) <u>(16.1%)</u>

REVENUE HIGHLIGHTS

AD VALOREM

In order to fund the FY 2018 Proposed Budget, a total millage rate of 2.4900 mills, inclusive of an operating millage rate of 2.4300 and a voted debt millage rate of 0.0600, is proposed. This represents a 0.0100 mill reduction over the prior fiscal year as shown below:

	FY 16/17	FY 17/18	<u>Change</u>
Operating	2.4300	2.4300	0.0000
Voted Debt	0.0700	<u>0.0600</u>	<u>(0.0100)</u>
Total	2.5000	2.4900	(0.0100)

As of July 1, the FY 2018 County MSTU millage rate has not been determined by the Board of County Commisioners; an increase to the MSTU millage rate is currently under consideration. Sans a change to the County MSTU rate, the combined proposed millage rate to City taxpayers of 4.8199 would reflect a slight millage reduction over the prior fiscal year as follows:

	FY 16/17	FY 17/18	<u>Change</u>
Operating	2.4300	2.4300	0.0000
Voted Debt	0.0700	0.0600	(0.0100)
County MSTU (TBD)	<u>2.3299</u>	2.3299	0.0000
Total	4.8299	4.8199	(0.0100)

At 2.4300 mills, the FY 2018 operating millage rate would be 6.22% more than the "rolled-back" rate of 2.2878 mills, based on the preliminary ad valorem tax base as provided by the Seminole County Property Appraiser (early estimates).

The preliminary FY 2018 ad valorem tax base compares to the base for FY 2017 as follows:

FY 16/17	FY 17/18	
(Adopted)	<u>(Preliminary*)</u>	<u>Change</u>
\$1.966.345.152	\$2.154.984.315	\$188.639.163 / 9.8%

*Includes New Construction totaling \$64,774,793

Based on preliminary valuations and the proposed operating millage rate, projected FY 2018 net ad valorem revenues are expected to increase \$440,058 or 9.8% as follows:

FY 16/17 <u>(Adopted)</u>	FY 17/18 <u>(Preliminary)</u>	<u>Change</u>
\$4,587,090	\$5,027,148	\$440,058 / 9.8%

STATE SHARED REVENUES (Revenue Sharing and Half-Cent Sales Tax)

Due to modest improvement in economic conditions and other related factors, FY 2018 State Shared Revenues are projected to increase slightly by \$64,000 or 1.8% as follows:

FY 2017	<u>FY 2018</u>	<u>Change</u>
\$3,511,000	\$3,575,000	\$64,000 / 1.8%

LOCAL COMMUNICATION SERVICES TAX

Projected FY 2018 General Fund revenues from Local Communication Service Taxes are expected to continue their downward trend and a decrease of \$50,000 or 0.5% has been budgeted as follows:

FY 2017	<u>FY 2018</u>	<u>Change</u>
\$1,100,000	\$1,050,000	(\$50,000) / (0.5%)

ELECTRIC UTILITY TAX AND FRANCHISE FEE

Effective March 2014, the City executed a 10-year franchise agreement with Duke Energy which maintains a franchise fee of 6% on base revenue. Based on historical customer data, modifications to the agreement resulted in a modest increase in base revenues. In total, projected FY 2018 General Fund revenues from Electric Utility Taxes and Electric Franchise Fees are projected to remain unchanged:

FY 2017	<u>FY 2018</u>	<u>Change</u>
\$4,075,000	\$4,075,000	\$0 / 0%

OTHER GENERAL FUND REVENUE SOURCES

Other General Fund revenue sources are expected to decrease \$224,665 or 5.5% as follows. This significant decline primarily results from reductions in the transfers from the Transportation Improvement Fund (\$150K) and the Water & Sewer Fund for the Utility Billing division (\$72K). In the case of the latter, the corresponding expenditure budget has been reduced by an equivalent amount.

<u>FY 2017</u>	<u>FY 2018</u>	<u>Change</u>
\$4,069,633	\$3,844,968	(\$224,665) / (5.5%)

WATER & SEWER REVENUES

Revenues in the Water and Sewer Operating Fund, inclusive of FY 2017's budgeted loan proceeds (\$6M), are projected to decrease by \$5,212,223 or 33.2% as follows:

<u>FY 2017</u>	<u>FY 2018</u>	<u>Change</u>
\$15,704,913	\$10,492,690	(\$5,212,223) / (33.2%)

For FY 2018, potable water, sewer and reclaimed water rates will be indexed to the CPI (2.2%), effective October 1, 2017. The City's comparative rate position remains in the general bottom half of rates charged by other neighboring utility systems.

The Water & Sewer Operating Fund has been, and continues to be, subjected to the same overall costcutting measures (e.g., zero-based budgeted, personnel reorganizations) previously applied to all other operating funds of the City. Additional cost saving measures, such as advance debt refunding and outsourcing, have also been successfully employed, with continued evaluation ongoing for further implementations as deemed warranted and feasible.

During FY 2015, the Environmental Protection Agency's new rules for disinfection by-products went into effect. These new rules changed the formula on how Total Trihalomethane (TTHM) compliance monitoring results were calculated and due to these changes the City will have to mitigate TTHM levels. Water quality improvements at Water Treatment Plant #1 to address the TTHM levels are nearing completion and should be operational in July 2017 at an approximate cost of \$6M.

Funding for the project was secured via the State Revolving Loan Fund. The loan agreement was approved and receipt of funds are occurring during FY 2017. Staff has reviewed current rates in relation to the additional operational and debt service costs associated with these improvements and a resultant \$2.50 per month increase to the potable water base facility charge is proposed, effective October 1, 2017, accordingly.

Additional future phases may include improvements at any or all of the remaining water treatment plants to address hydrogen sulfide removal or VOC removal although there are no regulatory requirements for additional treatment to remove either at this time or in the near future.

DEVELOPMENT SERVICES REVENUES

Revenues in the Development Services Fund are projected to increase by \$310,138 or 27.4% as follows:

FY 2017	FY 2018	<u>Change</u>
\$1,132,362	\$1,442,500	\$310,138 / 27.4%

Diversification of the property tax base (residential and commercial) remains an important focus for the City. Residential construction remains strong, with over 1,000 units (single-family and multi-family) currently approved or under construction. Commercial development activity is increasing, both in terms of projects that have been approved and permitted, as well as other projects that are currently in various stages of preliminary design and development.

OTHER RATES AND CHARGES

Oak Forest Wall Maintenance & Debt Service Funds

In order to ensure the on-going viability of the now 17-year old Oak Forest Wall and related landscape amenities, a \$3 per BU increase was programmed into the FY 2015 Budget for the Oak Forest Maintenance (Special Assessment) Fund (from \$57 to \$60/BU annually). Relatedly, an \$8 per BU decrease was programmed into the FY 2015 Budget for the Oak Forest Debt Fund, made possible as a result of a recent refinancing of that fund's associated debt (from \$72 to \$64/BU annually). During FY 2017, the internal Oak Forest debt service instrument will be paid off. The FY 2018 Proposed Budget maintains the \$60 per BU maintenance assessment and eliminates the \$64/BU capital assessment.

TLBD Maintenance & Debt Service Funds - Phases I and II

A \$7 per ERU decrease was programmed into the FY 2015 Budget for the TLBD Debt Service Fund Phase I (from \$43/ERU to \$36/ERU annually) and a \$6 per ERU decrease for TLBD Debt Service Fund Phase II (from \$17/ERU to \$11/ERU annually), made possible as a result of a recent refinancing of those associated debts. The TLBD Debt Service Fund Phase II debt service instrument will be paid off in the FY 2017. The TLBD Maintenance Assessment has been unchanged since FY 2010 when the annual assessment was decreased to \$120/ERU from the legal maximum of \$128/ERU. For FY 2018, no change is proposed for the both the TLBD Maintenance and Phase I assessment and the Phase II assessment will be eliminated.

Tuscawilla III Special Assessment Fund

The Tuscawilla III assessment district has both a capital and maintenance assessment. The capital assessment is utilized for the annual debt service on an internal 20-year loan which financed a capital project relative to the existing Tuscawilla Units 12/12A wall. The proposed capital and maintenance assessments of \$85/BU and \$75/BU, respectively, remain unchanged from their inception in FY 2013.

Infrastructure Surtax Fund

In May of 2014, a countywide precinct referendum resulted in an additional 1% (i.e. 1 cent) local government infrastructure sales surtax upon taxable transactions occurring in Seminole County. The tax went into effect

on January 1, 2015 and will expire December 31, 2024. The proceeds are to be utilized for public infrastructure projects and will be distributed 25% to the School Board, 24.2% to the County with the remaining 50.8% of net revenues distributed according to a statutory formula to the County and all Seminole municipalities. Per the interlocal agreement, Winter Springs' distribution percentage is 2.99% which will be utilized for transportation-related infrastructure improvements and other capital projects.

Solid Waste Fund

The City entered into a Solid Waste Franchise Agreement with Waste Pro of Florida, Inc. on March 1, 2006 at a monthly rate for residential customers of \$18.10. The weekly service includes two solid waste, one recycling and one yard waste pickup. On October 13, 2014, the City Commission approved a four-year contract extension to the solid waste agreement with Waste Pro. March 1, 2015 began the first year of the four-year extension which expires February 28, 2019, at which time, the contract terms and pricing structure will be reevaluated. An indexing of the rate to the Consumer Price Index is anticipated to come before the Commission during FY 2018.

Impact Fee Funds

On December 12, 2016, the City Commission adopted Ordinance 2016-10 amending the City's transportation impact fee schedule. For most commercial and residential land uses, the new transportation impact fees are significantly lower than the previous fees. The City is currently performing a study of the parks, police, and fire impact fees, with the goal of adopting an ordinance to adjust these fees accordingly, by the end of 2017. Impact fee revenues are not budgeted until received.

EXPENDITURE HIGHLIGHTS

PERSONNEL COSTS

Personnel costs include employee salaries, FICA, health and life insurance, worker's comp, and pension. FY 2018 personnel costs, totaling \$14,346,042 are proposed to decrease 1.7% over the prior fiscal year as follows:

	FY 16/17 Original <u>Budget</u>	FY 17/18 Proposed <u>Budget</u>	<u>Change</u>	
General	\$11,204,196	\$11,185,023	(0.2%)	
Enterprise	3,389,935	3,161,019	(6.8%)	
Total	\$14,594,131	\$14,346,042	(1.7%)	

Staffing and Wages - Full-time headcount is decreasing by six positions largely due to outsourcings and efficiencies, as follows: Development Services (2 - outsource Bldg Official, Bldg Inspector); Stormwater (1 - City Engineer); General Fund -- Finance (1 - Utility CSR), Information Services (1 - outsource Lab Tech), Community Development (1 - Planner eliminated, plus 1 FT Maint Worker previously PT), and Parks (1 - outsource Maint Worker). The total full-time headcount for FY 2018 accompanied by nine years of historical data follows.

	<u>FY09</u>	<u>FY10</u>	<u>FY11</u>	<u>FY12</u>	<u>FY13</u>	<u>FY14</u>	<u>FY15</u>	<u>FY16</u>	<u>FY17</u>	<u>FY18</u>
Full-Time	234	228	217	196	186	187	186	184	187	181

Pension - Funding of the City's Defined Benefit Pension Plan is an important and critical area of focus. Due to the nature of a Defined Benefit plan, the City is statutorily obligated to provide funding sufficient to keep the plan actuarially sound. In a typical Defined Benefit plan structure, market gains are expected to fund the majority of this financial obligation. However, when market conditions result in losses and an associated

decrease in plan assets, the City is obligated to fund these losses to the extent necessary to make the plan "actuarially whole." Thus, a Defined Benefit plan and its associated benefit structure and contractual liability must be proactively monitored and reviewed in order to ensure the City's fiscal ability to meet its related statutory obligation, as well as to gauge and ensure the sustainability of the plan.

Pension plan funding levels have improved significantly over the past eight years. The vested benefit security ratio increased from 48.8% in FY 2007 to 79.9% in FY 2015. This is primarily due to plan revisions and investment returns which averaged 7.11%, 9.99% and 6.38% for 3-year, 5-year and 15-year investments, respectively. These returns were achieved without adding any unsystematic risk to the pension portfolio. The portfolio ranked in the top 1% percentile against its peers in the US in 2016.

Health Insurance - Effective in FY 2012, the City migrated away from an HMO-type health insurance plan in favor of Major Medical (high deductible) benefit plan structure, inclusive of an HSA (Health Savings Account). This migration has continued to yield material savings to the cost of providing these benefits to employees. Additionally, the City continues its proactive healthcare program which includes: education, wellness programs and financial incentives. The City is committed to a balanced employer-employee cost sharing and accountability benefit plan. As of July 1, the City has not received the final health insurance renewal quote from our provider. Once it is received, we will incorporate it into the final budget, accordingly.

OPERATING COSTS

FY 2018 Operating Costs, totaling \$12,635,828 are proposed to increase 7.7% over the prior fiscal year as follows:

	FY 16/17 Original <u>Budget</u>	FY 17/18 Proposed <u>Budget</u>	<u>Change</u>
General	\$4,658,382	\$4,888,300	4.9%
Other Governmental	4,030,794	4,268,524	5.9%
Enterprise	3,043,798	3,479,004	14.3%
Total	\$11,732,974	\$12,635,828	7.7%

General Fund changes in operating costs by department are as follows:

FY 16/17	FY 17/18	<u>Change</u>
\$75.820	\$57.186	(24.6%)
756,856	971,785	28.4%
846,567	816,170	(3.6%)
276,519	328,944	19.0%
230,313	212,112	(7.9%)
1,043,319	1,070,020	2.6%
597,281	589,971	(1.2%)
831,707	842,112	1.3%
\$4,658,382	\$4,888,300	4.9%
	\$75,820 756,856 846,567 276,519 230,313 1,043,319 597,281 831,707	\$75,820 \$57,186 756,856 971,785 846,567 816,170 276,519 328,944 230,313 212,112 1,043,319 1,070,020 597,281 589,971 831,707 842,112

Operating increases in General Government result from designations to sick-leave buy-back, CRA TIF payment, and a contingency for health insurance renewal. The increase in Information Services results from the outsourcing of a Lab Tech position.

CAPITAL OUTLAY

Capital Outlay includes capital improvements such as land, improvements to land, and capital equipment defined as vehicles and equipment over \$1,000 in value. FY 2018 Capital Outlay, totaling \$10,041,053 is proposed to increase 5.6% over the prior fiscal year as follows:

	FY 16/17 Original <u>Budget</u>	FY 17/18 Proposed <u>Budget</u>	<u>Change</u>
General	\$408,477	\$429,840	5.2%
Other Governmental	4,563,386	6,948,548	52.3%
Enterprise	4,541,000	2,662,665	(41.4%)
Total	\$9,512,863	\$10,041,053	5.6%

The vast majority of the FY 2018 capital budget occurs in the Infrastructure Surtax Fund, Transportation Improvement Fund, Impact Fee Funds (Trans, Park), 1999 Construction Fund, and Water and Sewer Fund which are heavily funded by the infrastructure surtax, developer fees, user fees and/or loan proceeds. A detailed capital list begins on page 19 (pdf pg 36).

GENERAL FUND FISCAL POLICY TEST

Each year, the General Fund is tested to determine if the fund is in compliance with three internal fiscal policies/guidelines as follows:

- 1. That sufficient recurring revenues exist to pay for all recurring costs, thus avoiding the use of non-recurring revenues and fund balances to fund recurring costs.
- 2. That sufficient recurring and non-recurring revenues are available to fund non-recurring costs.
- That the 25% fund balance policy is being maintained (fund balance equal to or exceeding 25% of personnel and operating costs).

All three policies are being satisfied for FY 2018.

BUDGET CALENDAR

A Commission workshop to consider the Fiscal Year 2018 Proposed Budget has been scheduled for July 10, 2017. In accordance with TRIM law, a tentative millage rate is required to be adopted by August 4, 2017. Consequently, consideration of a tentative millage rate for adoption by the Commission is scheduled for the July 10, 2017 regular Commission meeting. The first public hearing for adoption of the Fiscal Year 2018 Budget is scheduled for September 11, 2017 and the final public hearing for adoption scheduled for September 25, 2017.

ACKNOWLEDGEMENTS

The budget process and this resulting document could not have been completed without the support of the Mayor and Commission and the diligent and cooperative efforts of the City's Department Directors and their staff. I would like to personally offer my sincere thanks to our entire team for their cooperation and support.

Kevin L. Smith City Manager

¹ For the Enterprise Funds, the budgeted fund equity excludes net capital, therefore, does not tie to CAFR fund equity balances (net assets less net capital). For budgeting purposes, since the net capital portion of fund equity does not represent spendable resources it has been removed. Additionally, both the capital portion and the principal reduction of the year's appropriation will reduce spendable resources whereas depreciation and amortization will not.

REVENUES -- The following revenue sources represent at least 75% of the total revenues of the General Fund.

Ad Valorem Taxes

Ad valorem taxes represent the largest single revenue source to the City. For the proposed budget year, the ad valorem revenue budget accounts for 28% of the total budgeted revenue for the General Fund. The amount of ad valorem revenue generated is a function of the gross final taxable value as established by the Seminole County Property Appraiser and the millage rate (per thousand dollars of property valuation) established by the City Commission. The following graph shows the final gross taxable value (DR-403) for the last ten fiscal years. Please note that the valuation identified for fiscal year 2018 is not the final valuation but rather the valuation as submitted by the Property Appraiser (early estimates/DR-420).

		Final Gross Taxable	Percentage Incr
Fiscal Year	Tax Year	Value from DR-403	(Decr)
2009	2008	\$2,009,169,114	(9.5%)
2010	2009	\$1,809,808,024	(9.9%)
2011	2010	\$1,687,434,206	(6.8%)
2012	2011	\$1,593,864,153	(5.5%)
2013	2012	\$1,572,300,619	(1.4%)
2014	2013	\$1,639,667,121	4.3%
2015	2014	\$1,748,258,752	6.6%
2016	2015	\$1,843,713,578	5.5%
2017	2016	\$1,961,341,503	6.4%

Ad Valorem Taxes (cont'd)

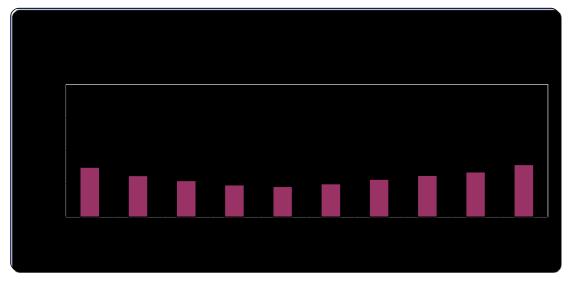

Florida Statute 200.065 - Truth in Millage Bill (TRIM):

This statute went into effect with fiscal year 1982. This law will only allow a taxing authority to receive the same amount of property tax in each subsequent year without advertising a tax increase. If property values increase, exof new construction, the taxing authority is required to reduce, or roll back, the millage rate in order to receive the tax dollars as the previous year. Any millage in excess of the rolled-back millage is considered a tax increase and be publicly advertised. Additionally, any tax increase must be publicly announced at two public hearings prior budget adoption.

The following chart shows the millage history, both operating and voted debt, for the City of Winter Springs for the I fiscal years.

			Millage Rate				
	Fiscal				Total		
_	Year	Tax Year	Operating	Voted Debt	Millage		
Fire Dep't consolidated with County -	2009	2008	2.4714	0.1100	2.5814		
	2010	2009	2.4714	0.1100	2.5814

Electricity and Communication Services Tax

[Utility taxes – Sections 1-2, Art. VIII State Constitution, Municipal Ordinances 751, 2001-42, 2005-13; Communication Services Tax - Sections 202.19(1), Florida Statutes]

The following chart reflects eight years of historical data for the major revenue sources as well as estimates for our current fiscal year and proposed budget. These revenue streams flow through the General Fund and are obligated to pay the annual debt service for two debt service instruments. The electric utility and communication service tax revenues represent 13% and 6% of the budgeted revenues, respectively.

Electric Franchise Fees

[Home Rule Authority - Sections 1-2, Art. VIII, State Constitution]

Electric franchise fee revenue from Duke Energy goes directly to the General Fund and is utilized for the annual debt service requirements via transfers to debt service funds (1999 and 2003 Debt Service, #201 and #202). The following chart reflects historical data for this revenue source. The current and upcoming fiscal year projections are based on a weighted-average trend analysis. Electric Franchise Fee revenues represent 10% of the General Fund budgeted 2018 revenues.

Inter-fund Transfers-In

Inter-fund transfers may be recurring or non-recurring in nature. An example of a *non-recurring* transfer would be one related to a short-lived special project or grant activity. Many of the *recurring* transfers are the result of central service costs being allocated to the funds to which those costs relate, i.e. Utility Billing (Division #1360).

The following list represents those transfers which exceed 1% of total sources of the receiving fund along with the anticipated amount and reason for transfer:

General Fund (#001)	\$817,900	From Water & Sewer - central services cost allocation
General Fund (#001)	\$206,950	From Development Services - central services cost
General Fund (#001)	\$700,040	From Water & Sewer - cost allocation for the Utility Billing division of the Finance department
2003 Debt Service Fund (#201)	\$830,000	From the General Fund for debt service requirements related to the 2014 Whitney/Hancock bank note
1999 Debt Service Fund (#202)	\$236,000	From the General Fund for debt service requirements related to the series 2011 BB&T note and the 1999 Improvement Refunding Revenue Bonds
1999 Construction C.P. Fund (#301)	\$212,000	From Road Improvement Fund for construction costs related to Magnolia Park
Excellence in Customer Svc Initiative (#305)	\$99,000	From Utility/Public Works Facility CP Fund - residual equity transfer for potential renovation of Commission Chambers

Major Inter-Governmental Revenues

State-Shared Revenues

There are a number of taxes imposed by the State and shared with counties, municipalities and school districts. Based on eligibility requirements the state allocates a portion of state-collected taxes to specified local governments. Two of the state-shared revenues which provide a significant percentage of total fund revenues for the General Fund are Municipal Revenue Sharing and Local Government Half-Cent Sales Tax.

Municipal Revenue Sharing Program

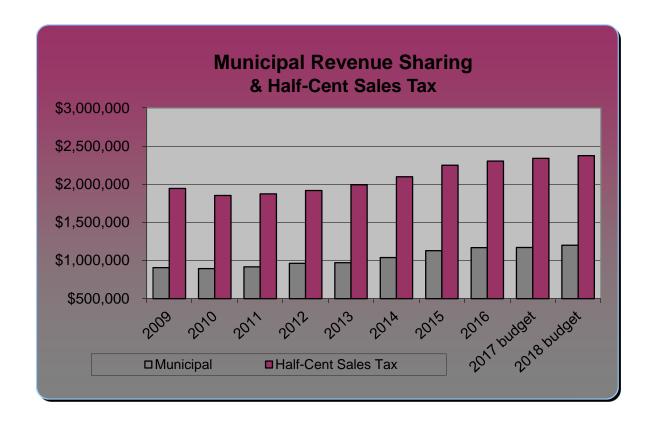

[Sections 206.605(1), 206.879(1), 212.20(6), and 218.20-.26, Florida Statutes]

In order to ensure a certain level of parity across local government units the Florida Revenue Sharing Act of 1972 was enacted. Typically, legislation is passed each year that could potentially impact the amount of sales tax revenues available for distribution to municipal governments. Florida's Legislative Committee on Intergovernmental Relations (LCIR) provides projections which are the basis for the budget. During fiscal year 2018, it is expected that this revenue will contribute approximately 7% of total General Fund revenues.

Local Government Half-Cent Sales Tax Program

[Sections 212.20(6) and 218.60-.66, Florida Statutes]

This program which was authorized in 1982 is the largest revenue generator among the state-shared revenue sources. The program's primary purpose is to provide funding for local programs while offering relief from ad valorem and utility taxes. Distribution is based on allocation formulas. During fiscal year 2018, it is expected that this revenue will contribute approximately 14% of total General Fund revenues.

Intergovernmental Revenues (cont'd)

Local Discretionary Sales Surtax

[Sections 212.054-.055, Florida Statutes]

There are seven types of local discretionary sales surtaxes currently authorized for county and municip government revenue sources. The infrastructure surtax is also referred to as local option sales taxes. The have been three generations of infrastructure surtax. The first generation was a 1% surtax which becar effective in Seminole County on October 1, 1991 and expired on September 30, 2001; the second generative became effective on January 1, 2002 and expired on December 31, 2011.

A third generation of this 1% sales surtax was approved by voters in May 2014 and became effective on Janua 1, 2015 and will expire December 31, 2024. The revenue and expenditure budget relative to the third generatic infrastructure surtax will be accounted for in the Infrastructure Surtax Fund [previously identified as the Roa Improvements Fund (#121)] and will primarily be utilized for transportation-related projects such as roadway improvements, safety and capacity improvements, sidewalks, resurfacing, bridge replacements and repairs, pix relining, etc..

Charges for Services

[Utility Fees - Home Rule Authority Sections 1-2, Art. VIII, State Constitution]

The Water and Sewer Utility Fund and the Stormwater Funds are enterprise funds with a customer base approximately 13,300 whose primary revenue streams consist of charges for service. The Solid Waste fund is special revenue fund established to account for fees for solid waste and recycling services performed by contra vendors for the benefit of approximately 11,725 customers. The City retained a consultant to review the adequacy of all utility rates, fees and charges for the operation, maintenance, replacement and debt service the water and wastewater systems. Rate increases (with CPI adj) were warranted, approved and implements with the billing cycles in October 2009. The following chart indicates two years of rate history for potable water reclaimed water, irrigation-metered water, and sewer.

Debt Management

As set forth in the City's Comprehensive Improvement Element (CIE), the City shall manage debt issuance and obligations according to sound public fiscal management principles so that the City is able to provide needed capital improvements and maintain services at adopted levels of service (LOS).

Criteria for Managing Debt Financing:

The City does not have legal debt limits or utilize specific debt ratios such as the limitation on the use c revenue bonds as a percent of total debt; the maximum ratio of total debt service to total revenue; and the maximum ratio of outstanding capital indebtedness to property tax base. Instead each debt issuance i evaluated on an individual basis giving consideration to the following factors:

- > type of facility being financed
- > significance of the annual debt service requirement
- favorable impact to the City
- economic capacity of the City
- overlapping debt which depends on the same economic base
- projected City growth rate

Criteria in Selecting Revenues to Finance Public Facilities:

To the extent possible, the following revenues are to be utilized to finance public facilities (listed in order c priority and preference):

- Grants or other intergovernmental sources
- > Developer contributions (inclusive of dedicated land and impact fees)
- > User revenues (inclusive of charges for services, local option gas tax, etc.)
- Sales tax (local option infrastructure surtax)
- Debt Financing
- > Ad valorem property taxes

Since some sources are not appropriate or legally available for a particular purpose, the above list i advisory in nature and not to be construed as obligatory.

Organization-Wide Debt Service Requirements

Exclusive of internal loans to the Tuscawilla III Assessment District (detail on successive pages)

¹ The TLBD Debt Service Fund underwent a reforecast by Government Services Group which established the legal maximum at \$43/ERU. The Tuscawilla Improvement Area Special Assessment Bond, Series 2001 was refinanced with a commercial bank note for the remaining term at 3.25% (fixed rate). The Present Value effect of this refinancing is a savings of \$276,584.

² This note is a 20-year variable rate note (indexed to the 5-year US Treasury) funded by the City of Winter Springs and is secured by a special assessment district levy (Tuscawilla III Capital) for the purpose of a capital wall project in a residential vicinity within the Tuscawilla community.

¹ The Public Communication Services Tax and Electric Franchise Fees are pledged revenues to pay debt service expenses related to the Improvement Refunding Revenue Debt. Anticipated revenues from these funds are expected to be more than sufficient for the debt service requirements.

² In FY 2017, the BB&T Limited General Obligation Note was paid off and an internal loan of \$1,085,000 was established between the Central Winds GO Debt Service Fund and Capital Project Fund #305. The internal loan is interest free and will be payable from a voted debt levy (up to one quarter mil). The payment schedule above is predicated on a 2% growth valuation and eventual millage rate reductions to 0.0400 mills.

³ The Series 1999 General Fund Improvement Bonds (\$1,377,246) were partially refunded and replaced with an 8-year simple interest Bank Note (BB&T) reducing the average interest rate by 289 basis points yielding a cost reduction of \$159,765 (present value).

⁴ The Series 2003 General Fund Improvement Bonds (\$4,005,000) were refunded and replaced with a 5-year simple interest Bank Note (Hancock) reducing the average interest rate by 222 basis points and yielding a cost reduction of \$194,686 (present value).

¹ In fiscal year 2016, current refunding opportunities arose to refinance Water & Sewer Note Series 2011 A (SunTrust), B (BB&T) and C (BB&T) with a commercial note from Fifth Third Bank, Water & Sewer Note Series 2016, with an interest rate of 1.34% maturing October 2021. Principal & interest are paid semi-annually, resulting in a NPV cost reduction of \$186,730.

² This is a State Revolving Loan granted by the State of Florida and funded by the Federal EPA, with a 20-year amortization and a 2.77% fixed rate of interest over the entire life of the loan. This financing was used for the construction and expansion of the reclaimed water system.

³ State Revolving Loan granted by the State of Florida has a 20-year amortization and a 0.72% fixed rate of interest over the entire life of the loan. This financing will be used for water quality improvements. This amortization schedule is an internally generated estimate until the final draw has been executed. Due to the interest accrual component it will not tie to a cash basis amortization schedule.

⁴ A look at the total debt service requirements for this utility reflects a relatively level annual requirement. The debt service requirements are based on the accrual method which means the interest expense is matched to the period in which it is incurred not necessarily when paid. This fund has projected fund equity in excess of the target fund equity of 25% of operating expenses. Rate increases, necessary to meet debt coverage requirements, were instituted by the Commission as follows: October 2009-7%, October 2010-7%, October 2011-7%, thereafter, a CPI rate escalator.

Financial Structure

Introduction

The operations for the City of Winter Springs are accounted for on the basis of fund and account groups. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Winter Springs, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Fund Categories

All of the funds of the City of Winter Springs can be divided into three categories governmental funds, proprietary funds, and fiduciary funds. The City has four types of governmental funds: General, Special Revenue, Debt Service, and Capital Project. The City of Winter Springs maintains one type of proprietary fund called enterprise funds. Such funds have been established for the *Water and Sewer Utility, Development Services*, and the *Storm Water Utility Fund*. The *Pension Trust Fund* is the only fiduciary fund and is not reflected in this budget because the resources of such funds are held for the benefit of parties outside the government. It is the only fund that is included in the Comprehensive Annual Financial Report that is not included in this budget.

For the audited financial statements, the accrual basis is the accounting basis that is utilized for the Enterprise and Pension Funds; the modified accrual basis is utilized for all others. Under the accrual basis, revenue and expense items are recognized as they are earned or incurred, even though they may not have been received or actually paid in cash. The general idea is that economic events are recognized by matching revenues to expenses (the matching principle) at the time in which the transaction occurs rather than when payment is made (or received). Under the modified accrual basis, revenue is recognized when it is earned and becomes available and measurable. Expenditures are typically recognized in the period in which the liability is incurred.

The basis of accounting for budgetary purposes is the largely the same as that used under the GAAP basis of accounting. The following highlights some of the significant relationships:

- Under the GAAP basis of accounting in the Enterprise (or proprietary) Funds, the receipt of long-term debt proceeds, capital outlays and debt service principal payments are not reported in operations, but allocations for depreciation and amortization expense are recorded. The opposite is true under the budgetary basis of accounting.
- Encumbered amounts are commonly treated as expenditures under the budgetary basis of accounting while encumbrances are not classified as expenditures under the GAAP basis of accounting. Conservatively, the beginning budgeted fund balance assumes full depletion of the prior fiscal year's budget.
- Budgetary revenues and expenditures may include items classified as "other financing sources" and "other financing uses" under the GAAP basis of accounting.
- Under the GAAP basis of accounting, changes in the fair value of investments generally are treated as adjustments to revenue, which is not the case under the budgetary basis of accounting.
- The fund structure used in GAAP financial statements does not differ from the fund structure
 used for budgetary purposes; however, there are inter-fund transfers which are budgeted in
 the general fund for transfer to an appropriate debt service fund for the annual debt service
 payments and related accounting.

Also designated is each fund's classification as a major or non-major fund as determined by the calculation used in the fiscal year ending September 30, 2016 Comprehensive Annual Financial Report. A major fund is one whose revenues, expenditures/expenses, assets, or liabilities (excluding

extraordinary items) are at least 10 percent of corresponding totals for all governmental *or* enterprise funds and at least 5 percent of the aggregate amount for all governmental *and* enterprise funds for the same item. The prescribed accounting basis and fund classification is indicated below for all funds.

Governmental:

General Fund

MAJOR/modified accrual basis

This is the chief operating fund of the City of Winter Springs. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Special Revenue Funds

(#101) Police Education Fund

nonmajor/modified accrual basis

This fund accounts for the costs of educational expenses for police officers. It is funded by a portion of the collections from fines and forfeitures.

(#102 and #103) Special Law Enforcement Trust Funds (Local and Federal, respectively) nonmajor/modified accrual basis

These funds were established to receive revenues derived from confiscated property obtained during the enforcement of illegal operations. Proceeds are utilized strictly for law enforcement purposes, exclusive of salaries and vehicles. Such purposes may include drug education programs such as the DARE program.

(#120) Transportation Improvement Fund

nonmajor/modified accrual basis

Revenues in this fund are derived from Local Option Gasoline Tax distribution. Proceeds are to be used for road, right of way, and drainage maintenance and equipment necessary to build or maintain roads, right of ways, and drainage.

(#130) Solid Waste / Recycling Fund

MAJOR/modified accrual basis

This fund is used to account for fees for solid waste and recycling services performed by contract vendors. Proceeds are used to pay monthly vendor charges for providing solid waste and recycling services.

(#140) Arbor Fund

nonmajor/modified accrual basis

This fund is used to account for arbor revenues. This revenue source is used to maintain plantings in the City.

(#121) Infrastructure Surtax Fund

Previously Road Improvement Fund

MAJOR/modified accrual basis

This fund is used to account for collected one-cent sales tax revenues to be used for road improvement projects.

(#150) Transportation Impact Fee Fund

nonmajor/modified accrual basis

This fund is used to account for collected impact fees on new development to defray the cost of future road construction as a result of growth.

(#150) Police Impact Fee Fund

nonmajor/modified accrual basis

This fund is used to account for collected impact fees on new development to defray the cost of capital investment needed to maintain the level of police service due to future growth.

(#152) Fire Impact Fee Fund

nonmajor/modified accrual basis

This fund is used to account for collected impact fees on new development to defray the cost of capital investment needed to maintain the level of fire service due to future growth.

(#153) Parks Impact Fee Fund

nonmajor/modified accrual basis

This fund is used to account for collected impact fees on new development to defray the cost of capital investment needed to develop and improve the parks due to future growth.

(#160) TLBD Maintenance Fund

nonmajor/modified accrual basis

This fund is used to account for collected special assessments for maintenance related to the Tuscawilla Lighting and Beautification District phases I and II. In fiscal year 2006-2007, two maintenance programs were streamlined into one assessment district and are accounted for in fund #160.

(#162) Tuscawilla Phase III Maintenance/Debt Service Fund

nonmajor/modified accrual basis

This fund is used to account for collected special assessments for maintenance and capital/debt service related to the Tuscawilla Units 12/12A wall (Hawk's Reserve).

(#161) Oak Forest Maintenance Fund

nonmajor/modified accrual basis

This fund is used to account for collected special assessments for maintenance related to the Oak Forest subdivision wall.

Debt Service Funds

(#201) 2003 /2014Debt Service Fund

nonmajor/modified accrual basis

This fund is used to account for the accumulation of resources and payment of principal, interest, and related costs for the 2003 bond issue which was refinanced in 2014 with a private placement note payable.

(#202) 1999/2011 Debt Service Fund

nonmajor/modified accrual basis

This fund is used to account for the accumulation of resources and payment of principal, interest, and related costs for the 1999 bond issue and Improvement Note Series 2011, which partially refunded the 1999 bond issue.

(#240) Central Winds General Obligation Debt Service Fund

MAJOR/modified accrual basis

This fund is used to account for the accumulation of resources and payment of principal, interest, and related costs for the 2002 limited general obligation bond which was refinance in May 2012 with a private placement note payable. A voted debt levy was authorized by referendum to finance the annual debt service.

(#260) Oak Forest Debt Service

nonmajor/modified accrual basis

This fund is used to account for the accumulation of resources and payment of principal, interest, and related costs for the INTERNAL note payable to the General Fund which paid off the outstanding balance on the Capital Improvement Revenue Note, Series 2004A.

(#261) TLBD Debt Service Fund (Phase I)

MAJOR/modified accrual basis

This fund is used to account for the accumulation of resources and payment of principal, interest and related costs for the 2001 special assessment bond issue which was refinanced in October 2011 with a private placement note payable.

(#262) TLBD Debt Service Fund (Phases II)

nonmajor/modified accrual basis

This fund is used to account for the accumulation of resources and payment of principal and interest for the TLBD Phase II Improvements.

Capital Project Funds

(#301) 1999 Construction Capital Projects Fund

nonmajor/modified accrual basis

This fund was established for the acquisition and construction of City-owned capital improvements.

(#302) Revolving Rehabilitation Capital Projects Fund

nonmajor/modified accrual basis

This fund was established to fund capital improvements and economic development within the City.

(#303 Public Facilities Capital Project Fund

nonmajor/modified accrual basis

This fund was established to fund capital projects within the City.

(#304) Utility/Public Works Facility Capital Projects Fund

nonmajor/modified accrual basis

This fund was established to account for the construction of additional public facilities - currently the Public Works/Utility Compound.

(#305) Excellence in Customer Service Initiative Fund

This fund was established to account for capital improvements for the purpose of increasing the level of customer service (i.e. redesign of the City Hall lobby/bathrooms, acquisition of software, new phone system).

Proprietary:

Enterprise Funds

(#410/412) Water and Sewer Utility Fund

MAJOR/accrual basis

This fund was established to account for the provision of water and sewer services to the residents of the City.

(#420) Development Services Fund

MAJOR/accrual basis

This fund was established in 2003 to account for plans, inspections and related customer service as an enterprise fund.

(#430) Stormwater Utility Fund

MAJOR/accrual basis

This fund was established to account for the stormwater management department as an enterprise fund.

Fiduciary:

Pension Plan Trust Fund

accrual basis

This fund accounts for the contributions to the defined benefit plan. Because this fund accounts for the resources held for the benefit of parties outside the government it is not included in the budget document.

Budget Process

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all funds. The budget is established through the following procedures:

- In January and February, City Manager and department directors begin preliminary budget discussions regarding the next fiscal year. Directors submit budget requests in early spring followed by the refinement and balancing process.
- About March of each year, the budget calendar is presented by staff and approved by the City Commission.
- In the spring, budget meetings/workshops are convened which may include department directors, support staff, City Manager, Finance Director, Budget Analyst, Mayor and Commission. From those in-house workshops, a Proposed Budget is prepared.
- On or before July 1 of each year, the City Manager submits the Proposed Budget to the Commission for consideration.
- The City Commission may hold informal budget workshops which the public is invited to attend.
- In late July, the City Commission establishes the tentative millage rate (DR 420) which becomes the millage 'ceiling' when approving the annual millage rate and budget in September.
- Also established at this late-July meeting are the rolled-back rate calculation, the date, time
 and place of the first Public Hearing. Once these determinations have been made they are
 communicated via the DR 420 to the Seminole County Property Appraiser, the Seminole
 County Tax Collector and the Department of Revenue. This information is advertised via the
 Notice of Proposed Property Taxes (TRIM Notice) which is mailed to property owners by the
 Seminole County Property Appraiser.
- Two to five days prior to the second public hearing the notice of the final budget hearing and budget summary is advertised in a newspaper of general paid circulation.
- On or before September 30 of each year, after two public hearings, the Commission adopts the budget and establishes the ad valorem tax millage rates.
- The TRIM (Truth in Millage) compliance package is submitted to the Department of Revenue.
- The budget may be formally amended by the Commission at any time.

2018 Fiscal Year Budget Calendar

Proposed:

Date	Function
March 13	Commission establishes FY 2018 Budget Calendar
by July 1	Transmission of Proposed 2018 Budget - budget placed on Shared Drive and
	Website

Tentative:

by July 1	Property Appraiser submits DR 420 Certification
July 10	Budget Workshop
July 10	Commission establishes millage cap (DR 420 tentative millage rates via
-	Resolution)
August 4	Deadline to Notice Property Appraiser of :
	Proposed Millage Rate / Rolled-back Rate / Date, Time, Place of Public Hearing
	(Must be sent within 35 days of certification of value)
August 25	Deadline for Property Appraiser to send TRIM Notice to property owners

	(Considered notification of Tentative public hearing; must be mailed by PA within 55 days of value certification)				
September 11	Public Hearing (Tentative)				
	Tentative millage and budget hearing (Resolutions)				
	(Must be within 80 days of value certification but not earlier than 65 days after				
	certification)				

Final/Adopted:

September 21	Advertisement publication date (Thursday for Seminole Extra) for final millage					
	and budget hearing					
	(Final public hearing must be within 15 days of the tentative public hearing)					
September 25	Public Hearing (Final)					
	Final millage and budget hearing - Adoption of final millage and budget must be					
	done separately and in that order (Resolutions)					
	(Hearing must be held not less than 2 days or more than 5 days after					
	advertisement is published)					
by September 28	Resolution to Property Appraiser					
	Resolution to Tax Collector					
	(Must be submitted within 3 days after adoption of final millage rate)					
by October 25	Mail TRIM package to Property Tax Administration Program Department of					
	Revenue (Must be submitted within 30 days of final adoption)					

Budget Transfers and Amendments

- The legal level of budgetary control is at the department level.
- The City Manager is authorized to transfer budgeted amounts between accounts within a department.
- The budget is an annual one, as such, unexpended appropriations for these funds lapse at the end of each fiscal year.
- Increases to the budget are accomplished by resolution duly adopted by the Commission.
 There may be two amendments to the budget each fiscal year one at approximately mid-year and one within 60 days of the fiscal year-end.

Budget, Financial and Management Guidelines

General

- An independent audit will be performed annually. The City administration will promptly
 evaluate the audit management letter to determine the necessary steps to implement the audit
 recommendations.
- Financial records to be maintained on a basis consistent with Generally Accepted Accounting Principles (GAAP) and the Government Accounting Standards Board (GASB).
- The City will strive to maintain a fund balance in the General and Enterprise funds of 25% of
 personnel services and operating expenditures which serves to protect against the need to
 reduce service levels or raise taxes and fees due to temporary revenue shortages or
 unpredicted spikes in expenditures.
- The City will strive to ensure that personal and operating costs do not exceed recurring revenues; that is, recurring expenses will not be funded with non-recurring revenue.
- It will be the City's highest priority to maintain current service levels for all essential services.
- Employee positions are fully-funded.

Revenues

- The City will strive to maintain diversified revenues for the sake of fiscal stability and to most equitably distribute the cost of services.
- The City will set user-fees for all enterprise funds at a level that fully supports the total direct and indirect cost of the activity.
- A portion of the cost of non-enterprise activities may be considered for subsidy provided that such action is consistent with the interests of the City and with all legal requirements.
- The use of one-time revenues to fund ongoing expenditures is discouraged.

Budget

- The City will abide by a structured budget process and comply with the "Truth in Millage" state statute which regulates taxing authorities in the millage assessment process.
- Budgets are considered balanced when revenues and appropriations from the fund (if applicable) equal expenditures and appropriations to the fund (if applicable).
- Recurring revenues should be sufficient to pay for all recurring costs thus avoiding the use of non-recurring revenues and fund balances to fund such costs.
- The City will adhere to all Federal, State, and local legal requirements related to the operating budget.
- The City will maintain a budgetary control system to ensure budgetary compliance.
- All fund balances will be presented in the annual budget.
- The City will attempt to avoid layoffs of permanent employees in order to balance the budget.

<u>Purchasing</u>

- The City Manager is authorized to purchase or to contract for all commodities and services which do not exceed \$25,000; those in excess require written bids and Commission approval.
- Regarding bids, the City of Winter Springs intends to secure a source of supply for item(s) or services(s) at the lowest price; early and satisfactory manufacture; and prompt, convenient service and shipment.
- Purchase orders over \$5,000 must be approved by the City Manager.
- Purchases for commodities and services over \$2,500 require three quotes unless a sole source vendor is being utilized or the City is piggy-backing off another governmental agency.

Investments and Cash Management

- Cash and investments are managed in accordance with the City's investment policy while providing for liquidity to meet the City's needs in a sound and prudent manner.
- The City administers a cash management and investment program that seeks to maximize, in order of priority, the preservation of funds, liquidity, and interest earnings over its cash and investments.
- The City will collect revenues aggressively, including past due bills and may utilize a collection agency to accomplish this.

Capital Assets

- The budget will provide for the maintenance and replacement of capital assets which are defined as expenditures which equal or exceed \$1,000.
- The City has a five-year Capital Improvements Plan (CIP) which it annually reviews and updates to ensure that all necessary capital improvements are being incorporated. This plan is a multi-year prioritized schedule of capital improvements (which equal or exceed \$50,000) by intended year of purchase or commencement, the amount of expenditure per year, method of financing and annual operating costs.
- Assets will be inventoried annually. Assessment as to condition of all major capital assets is routinely evaluated by the respective departments.
- When appropriate, surplus and obsolete property will be disposed of at public auction.

Debt Management

- There are no limitations placed on the amount of debt the City may issue either by the City's charter, code of ordinances or State statute.
- The City shall manage debt issuance and obligations according to sound public fiscal management principles so that the City is able to provide needed capital improvements and maintain services at adopted levels of service (LOS).
- Debt service managed to ensure that timely payment of principal and interest is made and that bond covenants are met so as to maximize efficiency and credit-worthiness.
- General obligation debt will not be used to finance the activities of enterprise funds.
- The term of any bonds shall not exceed the useful life of the expenditures being financed.
- Long-term debt will not be utilized to fund current and ongoing operations.
- For long-term debt, the City uses financial advisors independent of bond brokerage houses and independent bond counsel to determine the best method of financing.
- The City will maintain an adequate debt service fund for each bond issue.
- See Debt Service section for a list of criteria for managing debt financing and selecting revenues to finance public facilities.

Pension Plan

- Employees become plan participants on the first day of the month immediately following the date six months after the first day of employment.
- The City will provide sufficient funding to the pension plan in order to ensure that the plan will be able to fully meet its obligations to retired employees on a timely basis.
- For fiscal year 2018 the budget reflects an approximate employer contribution of \$2.1M for the
 Defined Benefit (DB) plan which is sufficient for the Annual Required Contribution as set forth
 in the October 1, 2015 Actuarial Valuation. DB Employees have a required contribution rate
 of 5%. The DB Plan is closed to employees hired after October 1, 2011. For employees hired
 after October 1, 2011, the City contributes 5% to a Defined Contribution (DC) plan with
 eligibility for an additional 2.5% matching contribution.

On October 2, 2008, the City's fire department was consolidated with Seminole County. Firefighters were given the option of remaining in the City's pension plan or changing to the Florida Retirement System (FRS). Depending on the plan year there may be a difference in funding rates between the pension plans. The contractually obligated funding differential for those firefighters opting to remain in the City's plan is charged to this cost center.

GLOSSARY

account number – in accordance with the state chart of accounts, each class of expenditures and revenues is assigned a specific account number for use within the City's accounting system

ad valorem tax – a tax levied on assessed value of real property (land and buildings) and personal property (business equipment) within the City and not expressly exempt; also known as property tax

accrual basis – method of accounting that focuses on total economic resources and recognizes the financial effect of transactions, events, and interfund activities when they occur, regardless of the timing of related cash flows

actual – historical data as opposed to budget data; those funds which have been already been received or utilized as opposed to budgeted funds that are merely estimates of possible funds to be received or utilized

annual budget – an estimate of expenditures for specific purposes during the fiscal year (October 1 – September 30) and the estimated revenues for financing those activities

appropriation - an authorization granted by the City Commission to make expenditures and to incur obligations for the purposes specified

assessed valuation – property valuation established by the County Property Appraiser as a basis for levying taxes

balanced budget – budget in which each fund's revenues and appropriations from the fund (if applicable) equal expenditures and appropriations to the fund (if applicable)

bonds - a certificate of debt issued by a government or corporation in order to raise money; the issuer is required to pay a fixed sum annually until maturity and then a fixed sum to repay the principal

budget – expenditure authority created by resolution which is an estimate of anticipated income and expenditures for the fiscal period with a plan to maintain a proper balance between the two

capital – a level of budgetary appropriation that includes expenses for land, building, machinery and equipment; expenditures must equal or exceed \$1,000 to be considered for capitalization and have a useful life that extends beyond a single reporting period

capital project fund – a fund type used to account for the sources and applications of funds related to the acquisition or construction of major capital facilities

CIP – Capital Improvement Program; also, Construction in Process account 560650

contingency – an appropriation of funds to cover unforeseen events that occur during the fiscal year

CRA – Community Redevelopment Area; a public entity created to implement redevelopment activities as outlined under Chapter 163, Florida Statutes; the investment generates increased tax revenues which then finance the debt issue (see also TIF)

debt service – the payment of principal and interest on borrowed funds such as bonds

debt service fund – a fund type used to account for the accumulation of resources for the purpose of paying long-term principal and interest

defined benefit plan – pension plan that has terms specifying the amount of benefits to be provided after separation of employment; to be distinguished from a defined contribution plan in which the plan specifies the amount of the contribution to the plan

department – an organizational unit comprised of one or more programs, responsible for carrying out a major governmental function

depreciation – the decrease in value of physical assets due to use and the passage of time

EAR – Evaluation and Appraisal Report; a State-mandated report which evaluates how successful a community has been in addressing major community land-use planning issues through implementation of its comprehensive plan

employer contribution – in the context of pension benefits a term to describe contributions actually made by the employer in relation to the annual required contribution (ARC) of the employer

encumbrance – an amount of money committed for the payment of goods and services not yet received (performed) or paid

enterprise fund – a self-supporting fund designed to account for activities supported by user charges and operated in a manner similar to private business enterprises; the Water and Sewer Fund is an example of an enterprise fund

excise tax - a tax assessed on the consumer of a service, usually a utility service that is based upon the level of consumption

expenditure – the amount of money actually paid or obligated for payment from City funds

fiduciary fund – a fund type used to reports assets held in trust for others which therefore cannot be used to support the government's own programs (i.e. pension trust fund)

fines and forfeitures – revenues derived from penalties imposed for the commission of statutory offenses, violation of lawful administrative rules and regulations and for neglect of official duty; confiscated property is an example of this revenue category

fiscal year – any period of 12 consecutive months designated as the budget year; the City's budget year begins October 1 and ends September 30; the year is represented by the date on which it ends. October 1, 2016 to September 30, 2017 would be Fiscal Year 2017 (FY17)

FY - Fiscal Year

franchise fee – a fee assessed on a business, usually a public utility, in return for giving them the exclusive right to operate inside the City limits

FTE – Full-Time Equivalent, which is calculated on the basis of the number of hours that have been budgeted for a particular position; i.e. 1 FTE = 2080 hours, .5 FTE = 1040 hours

fund – an accounting entity that has a set of self-balancing accounts and that records all financial transactions or specific activities of government functions

fund balance – the resources available for appropriation in accordance with the prescribed basis of budgeting

fund equity - net assets less net capital; noncapital portion of net assets

GAAP - Generally Accepted Accounting Principles as promulgated by the Governmental Accounting Standards Board

GASB - Government Accounting Standards Board; the source of GAAP used by State and Local governments for the purpose of establishing and improving accounting and financial reporting standards

General fund – the general operating fund of the City which is supported primarily through taxes, fees and intergovernmental revenues and includes most of the essential governmental services such as police, public works, and general administration

General Obligation Debt – one of four basic forms of long-term debt that pledges the general credit and taxing powers of the borrowing government and which, therefore, requires voter approval for issuance

GIS – Geographic Information Systems

HOA – Homeowners Association

impact fees – fees charged to developers at the time of development for construction of facilities to serve the development site

interfund transfer – flow of assets between funds without equivalent flow of assets in return and without requirement for repayment

Kiva – land management software

LCIR – the State of Florida's Legislative Committee on Intergovernmental Relations; provides some intergovernmental revenue estimates for budgetary purposes

LIBOR – London Interbank Offered Rate; the rate at which banks offer to lend unsecured funds to other banks in the London wholesale money market

Local Option Gas Tax – a tax established in 1983 to fund transportation-related improvements

major fund – a fund whose revenues, expenditures/expenses, assets, or liabilities (excluding extraordinary items) are at least 10 percent of corresponding totals for all governmental *or* enterprise funds and at least 5 percent of the aggregate amount for all governmental *and* enterprise funds for the same item

maximum millage rate – the maximum millage that a county or municipality may levy with a simple majority vote of the governing body; other voting requirements will allow a municipality to adopt a millage rate in excess of the maximum millage rate

millage rate – the tax rate on real and personal property, with one mill equal to \$1.00 per \$1,000 of assessed property value

modified accrual basis – method of accounting that focuses on current financial resources; revenues are recognized when measurable and available, expenditures are recognized when governments usually liquidate the liability rather than when that liability is first incurred

MSTU – Municipal Services Taxing Unit; funding mechanism to create a special taxing district to make improvements to the community

nonmajor fund – a fund that does not meet the definition of a major fund (see definition for major fund)

operating budget – that part of the budget to support expenditures supported by income that is annually recurring

operating costs – those costs not defined as capital and related financing, noncapital financing, or investing activities

original budget – the first complete appropriated budget which is approved at the second public hearing in September

proprietary fund – a fund type whose focus is on profit and loss aspects (operating income, changes in net assets, financial position and cash flows); Enterprise Funds and Internal Service Funds are the two types of Proprietary Funds

retirement benefit multiplier – the rate applied to the average compensation multiplied by the employee's years of accrual service to yield the amount payable under the normal retirement pension

rolled-back millage rate – the tax rate which produces the same amount of taxes as levied in the prior year when calculated against the current year's tax base exclusive of new construction

ROW – Right of Way; as in road right of way

special revenue fund – a fund established for the purpose of accounting for specific sources which are restricted by law or policy to finance specific activities

TIF – tax increment financing; a tool to use future gains in taxes to finance the current improvements that will create those gains; property values in the CRA are capped at the assessed value in the base year; thereafter, any tax revenues due to increases in value in excess of the base are dedicated to the redevelopment area

TLBD – Tuscawilla Lighting and Beautification District; an assessment district

TMDL – Total Maximum Daily Load is a calculation of the maximum amount of a pollutant that a waterbody can receive and still meet water quality standards

transfers – see interfund transfers

Truth in Millage (TRIM) – State statutes governing the determination of millage for taxing authorities; requires strict parameters for advertising, public hearings, levy methods, etc.

user charges – the payment of a fee for direct receipt of a public service by the party benefiting from the service

utility tax – a tax levied by cities on the consumers of various utilities such as electricity, gas, and telephone service

W&S – Water and Sewer Utility Fund

WTP – water treatment plant
