

ASSESSMENT CHART COLUMNS

| COLUMN | TITLE | DESCRIPTION |
|--------|---|---|
| A | CSA | Concurrency Service Area – Geographic unit within which the level of service is measured. Typically boundaries align with School Attendance Zones. Elementary Region boundaries are utilized in Region Area. |
| B | Schools | Identifies Schools which are included in the CSA. |
| C | Program Capacity | Capacity measured as percentage of FISH Capacity which approximates accommodation for required programs and utilization of District facilities. Elementary at 95%, Middle Schools at 90% & High Schools at 90/95% relative to size. Includes both permanent classrooms and modular/portable classrooms. |
| D | 2019-20 Enrollment | Second Survey Enrollment for 2019-20 School Year. (10/11/2019) |
| E | Reserved Stations (SCALD) | Stations presently reserved through School Capacity Availability Letter of Determination (SCALD) issued to developers for future developments through concurrency. |
| F | Remaining Capacity | Number of student stations available within line CSA. (Column C – Column D – Column E) |
| G | CSA & Contiguous Remaining | Remaining capacity available within line CSA and those CSA's contiguous. |
| H | Single Family Detached Units | Number of Single Family Detached Units which may be constructed with present CSA/Contiguous Remaining Capacity (Column G). Student Generation for Elementary .17/unit, Middle School .095/unit, High School .143/unit. |
| I | Contiguous CSA | Listing of those CSA's which are contiguous to the line CSA. |
| J | CSA + Contiguous Total Capacity | Sum of all capacity in line CSA and all CSA contiguous. |
| K | Percentage Remaining | Percentage of Program Capacity remaining in line CSA and Contiguous CSA's. (Column G/Column J) |
| L | CSA & Contiguous Percentage of District | Percentage of Total Student Stations available for line CSA when adding contiguous Capacity. (Column J/Total Sum of Column D) |
| M | East/West South Distance (Miles) | Physical measurement of CSA in East-West Direction. Calculated for Elementary only. |
| N | North/South Distance (Miles) | Physical measurement CSA in North-South Direction. Calculated for Elementary only. |
